

When we were

CAMPING

on Holbung Hill Samosir

I'm tired of this semester's coursework.

Let's go to the field.
Let's enjoy the grass with open space of the grass area.

Oh my Goddess,
How gorgeous I am!

*J Run is a set up from J Walk.

Guys.. We just finished so many college assignments.

Eumm, That's right, Jono.
If we keep this up,
We will be sick for
a moment..

How if going camping?

Do you mean, we will be sick because of tired, Rehan?

We can get sick if we don't relax.

*J Run=J Walk is one of public space in J City, Medan Johor.

Really?! I wish I can meet a handsome guy there.

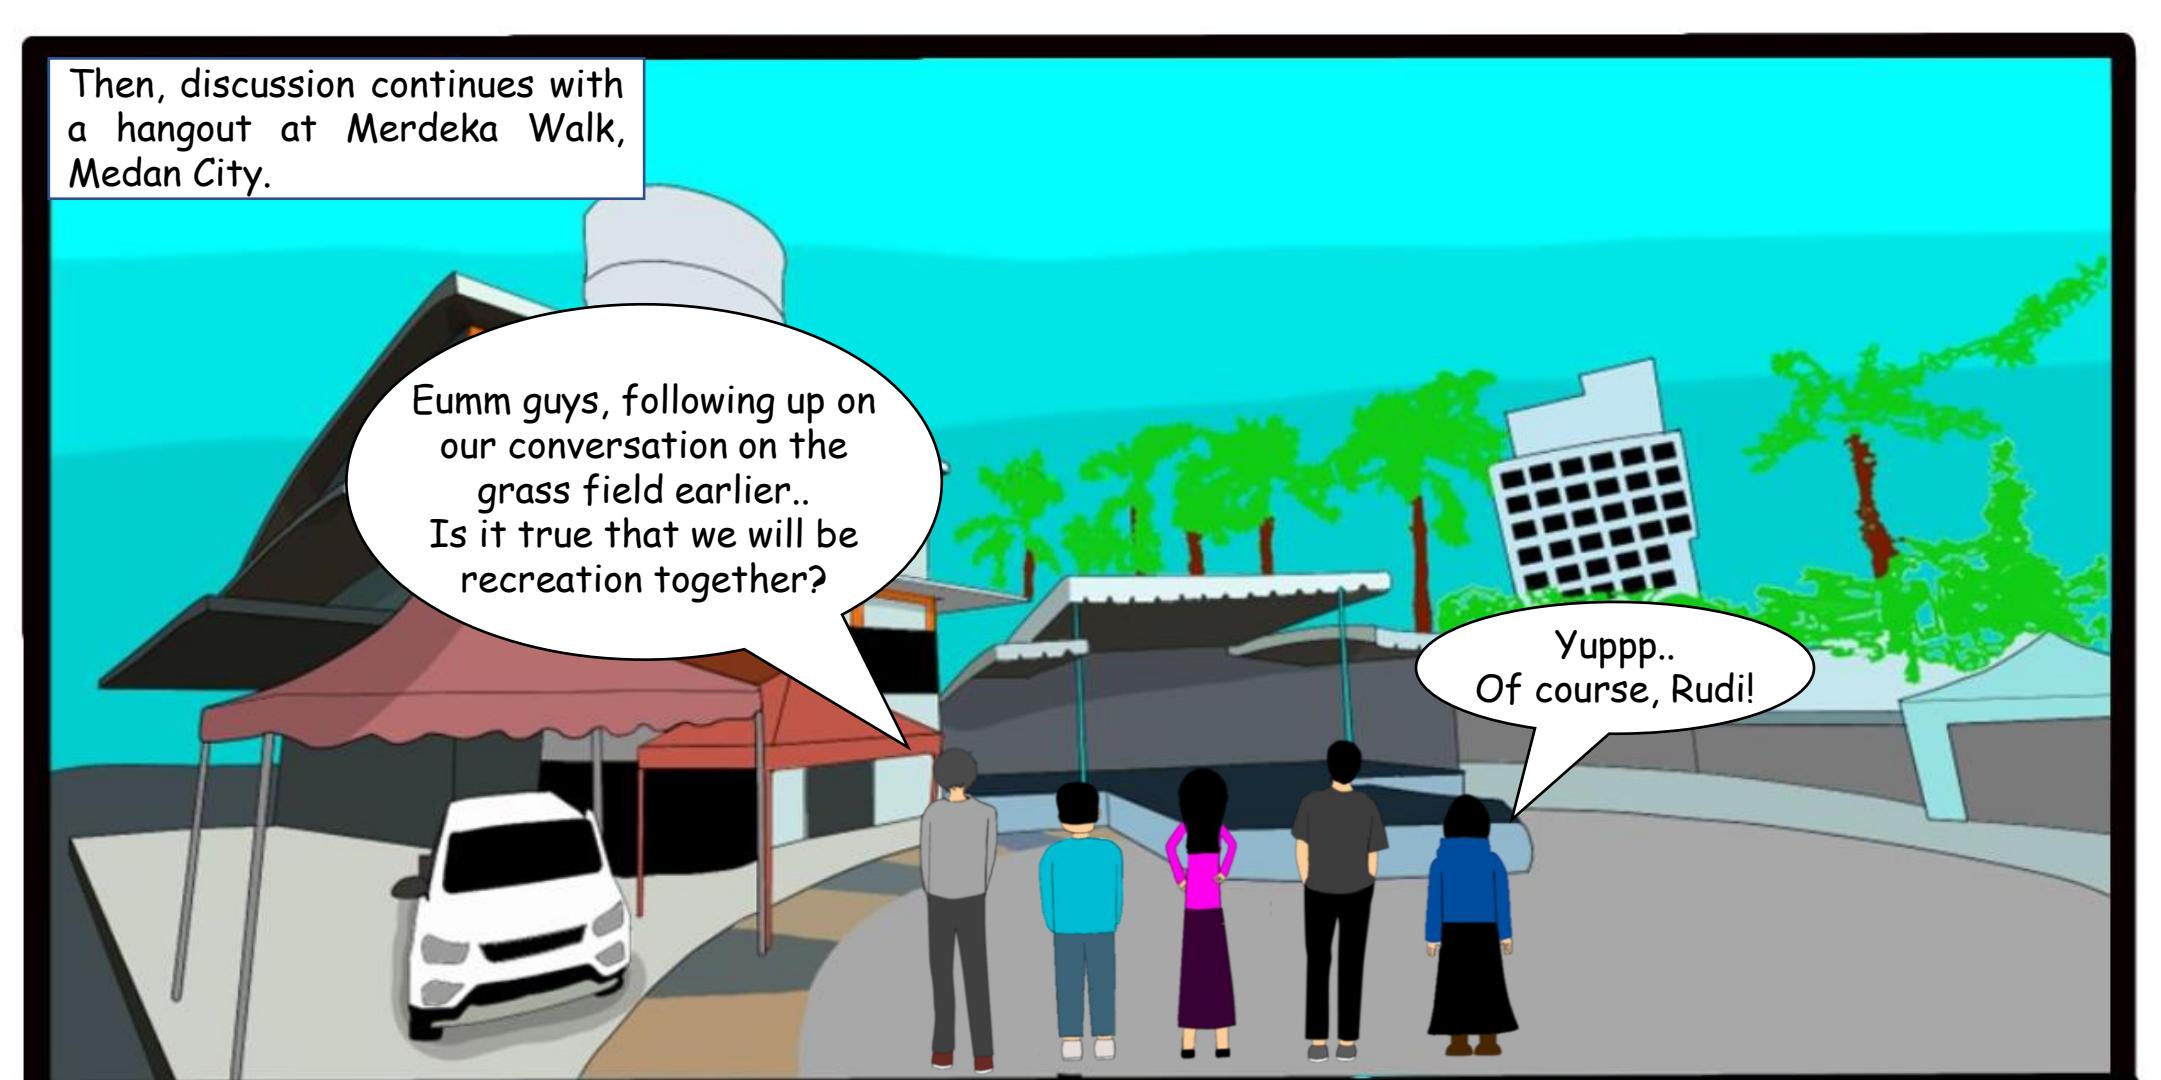

I know a famous place for camping, Namely Holbung Samosir Hill.

I wish, no man likes Jennie.. Because I like her..

Ughhh, I know... You want to take photo right, Jen?

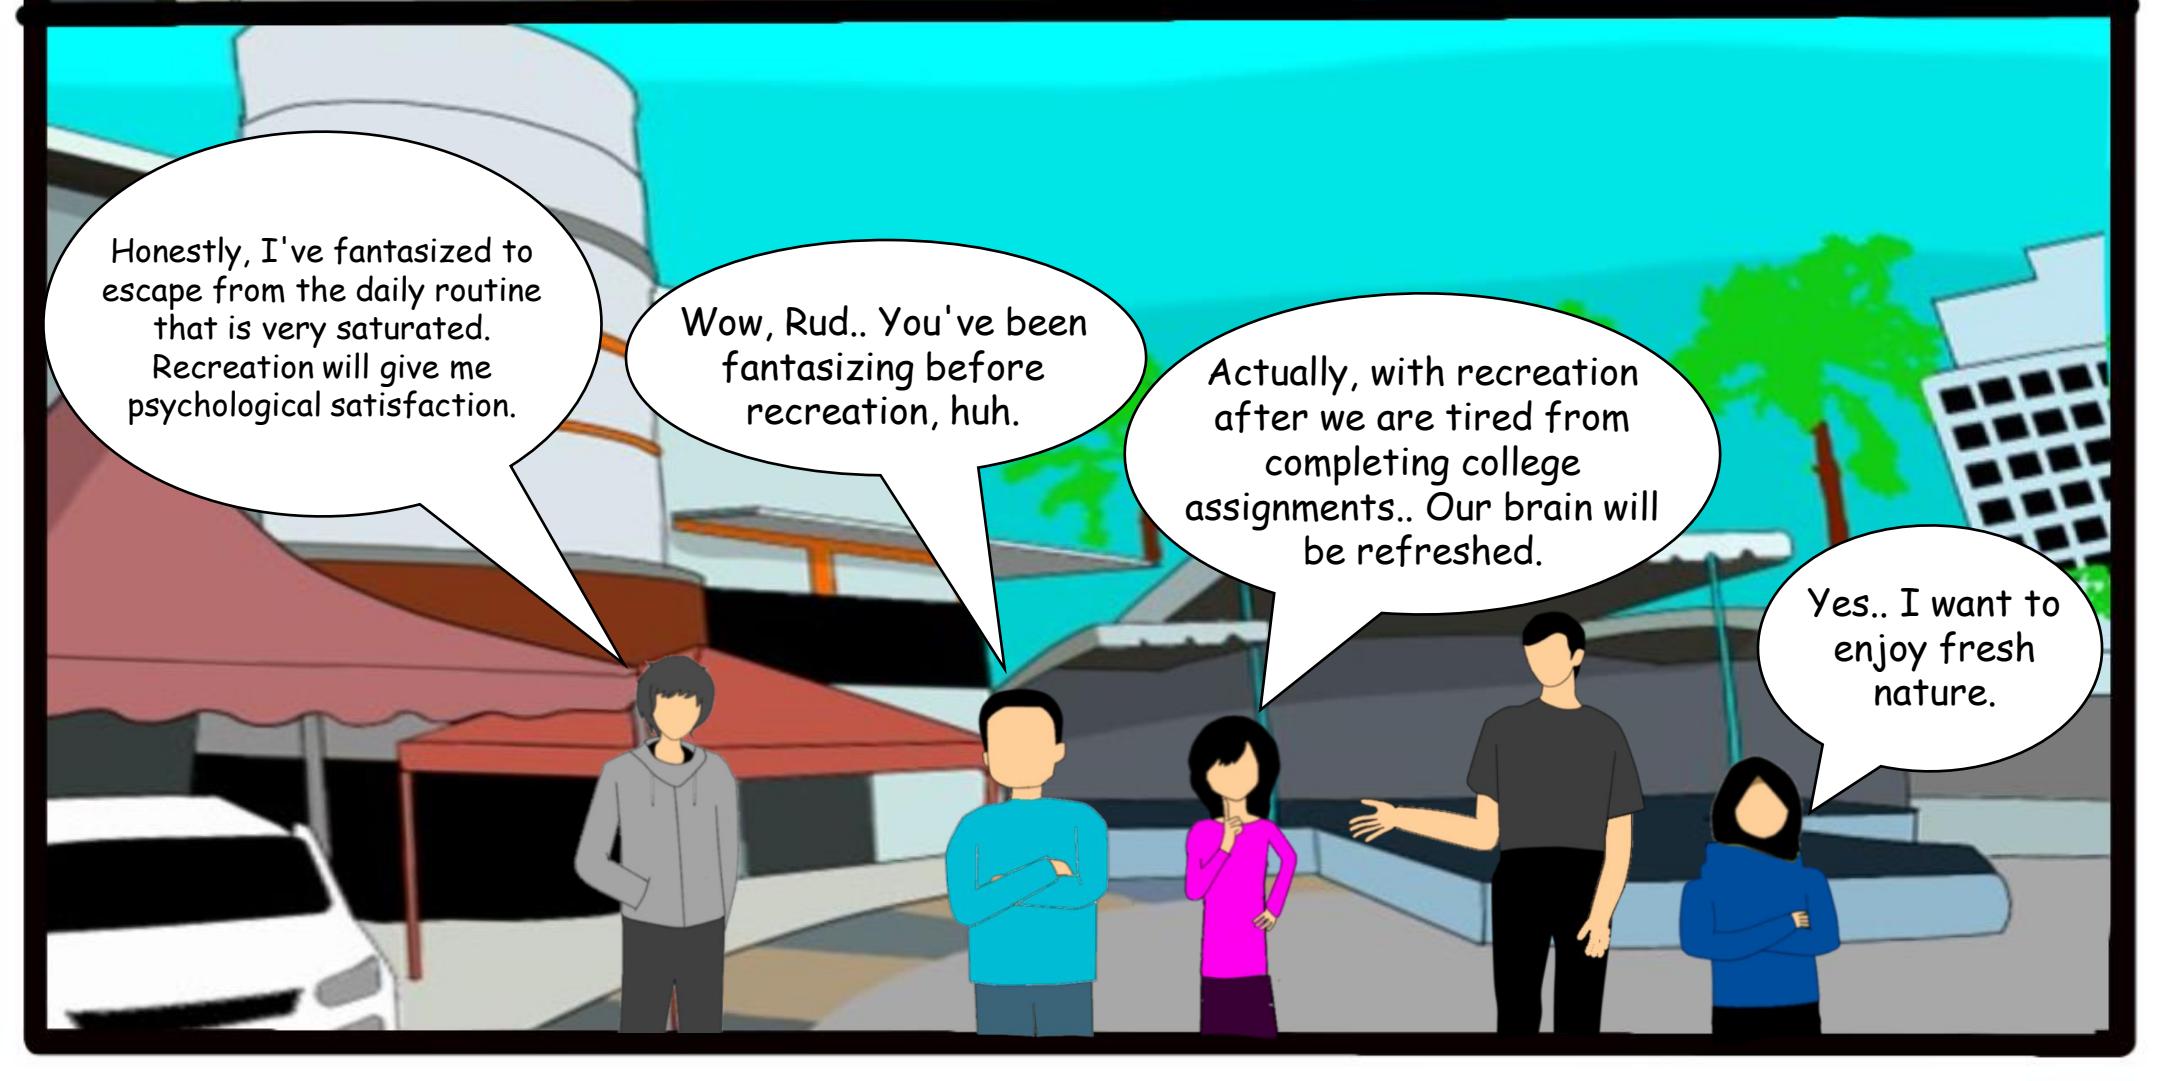

I've heard of that place.. It's amazing.. Many young people come there..

Then, discussion continues with a hangout at Merdeka Walk, Medan City.

Eumm guys, following up on our conversation on the grass field earlier.. Is it true that we will be recreation together?

Yuppp.. Of course, Rudi!

Honestly, I've fantasized to escape from the daily routine that is very saturated. Recreation will give me psychological satisfaction.

Wow, Rud.. You've been fantasizing before recreation, huh.

Actually, with recreation after we are tired from completing college assignments.. Our brain will be refreshed.

Yes.. I want to enjoy fresh nature.

So, we decided to go camping together, right?

Holbung Hill, isn't?

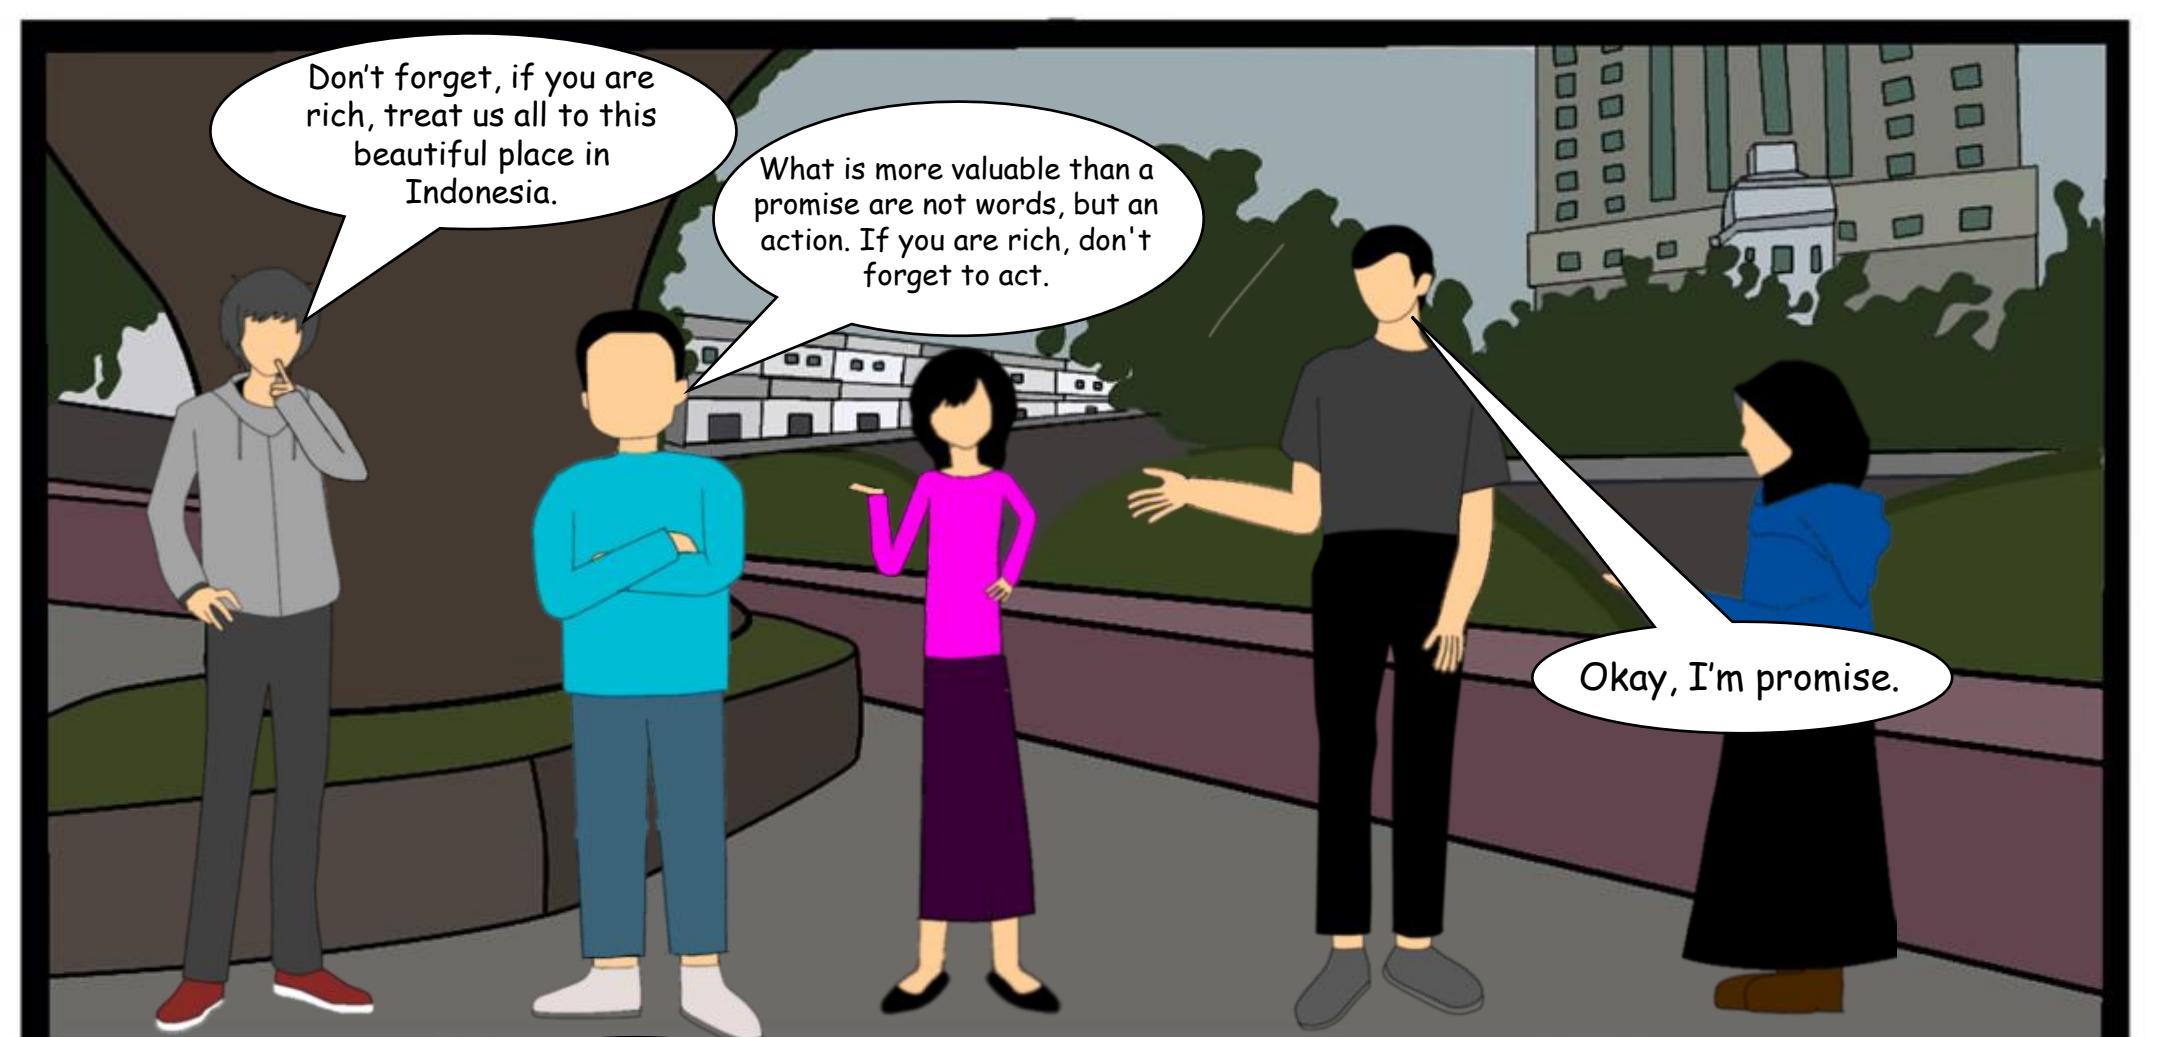

Holbung Hill is the right place for us to camp together. A trip to that place can be an escape from our daily situations which are full of tension and boring routines.

If we go camping, We don't think everything will be complete there.

Indeed, if the destination has complete and adequate facilities, it will certainly be a factor sought by us as potential tourists.

Lalisa right. We are students, our budget is very limited.

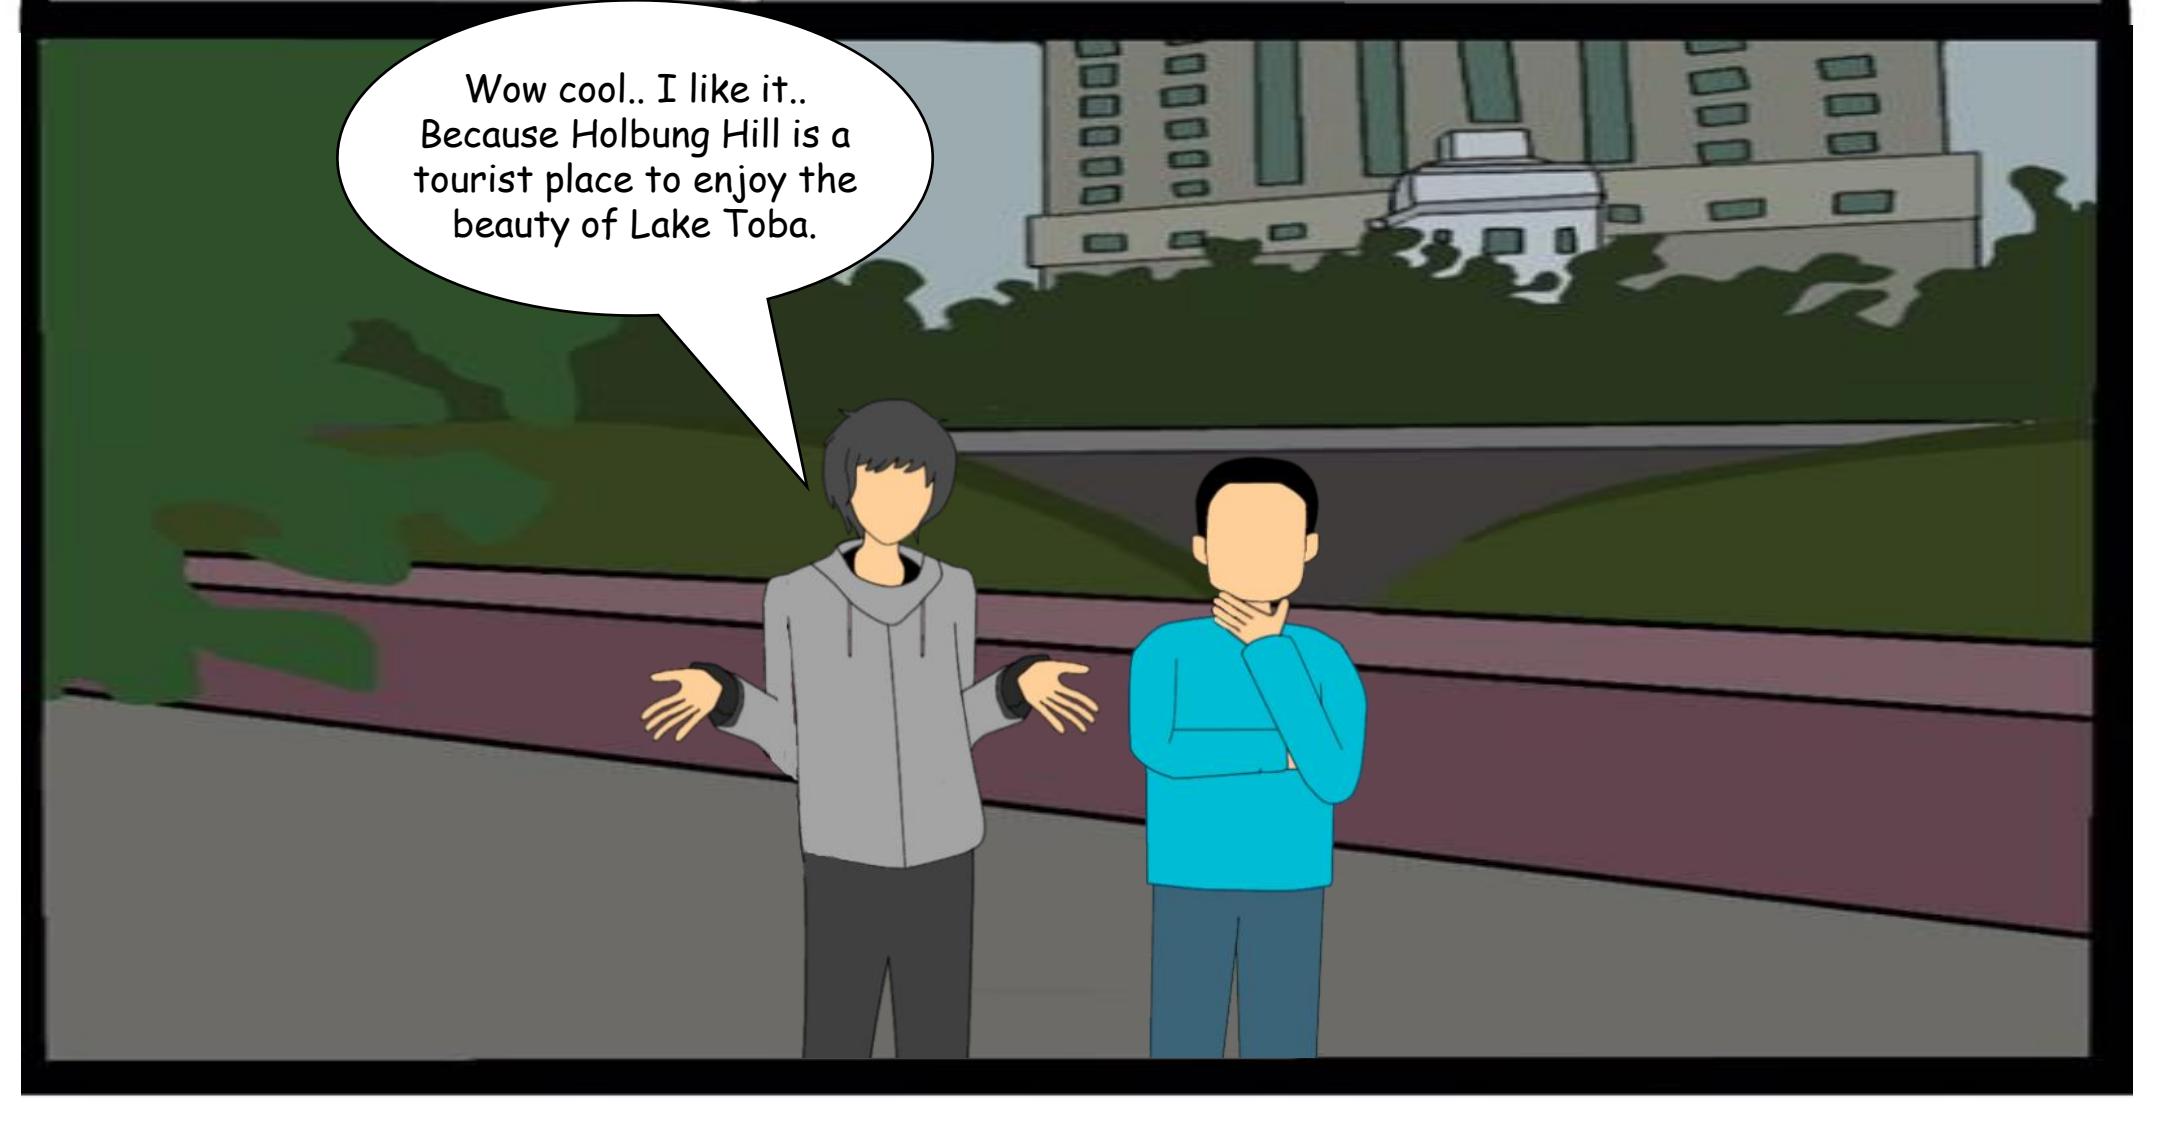

If I'm rich, I'll treat you to a trip to a place with complete facilities. Of course we want to go to tourist attractions where the condition of the facilities is maintained in good enough condition. Of course, we as tourists will enjoy tourism more with supporting facilities that support our activities while on the Holbung Hill.

Don't forget, if you are rich, treat us all to this beautiful place in Indonesia.

What is more valuable than a promise are not words, but an action. If you are rich, don't forget to act.

Okay, I'm promise.

Wow cool.. I like it..
Because Holbung Hill is a tourist place to enjoy the beauty of Lake Toba.

Friends, the Holbung Hill that we are going to visit is visited by many tourists. Visitors are not only local tourists, but also foreign tourists from Malaysia, Taiwan, Singapore, Hong Kong, Vietnam, the Philippines and other countries.

OMG, it will be exciting and fun.

From the theory I've been read. Vacations by camping will provide many physical and mental benefits.

Nice, I want to meet the Philippines there later.

Huft, she always likes flirting anywhere and everywhere.

Ahh, you're so serious.. You have a lot of theories.

Theory is also part of faith as a science, Lisa. We can't finish college without theory.. Akhh.. How come our conversation is so funny, huh?

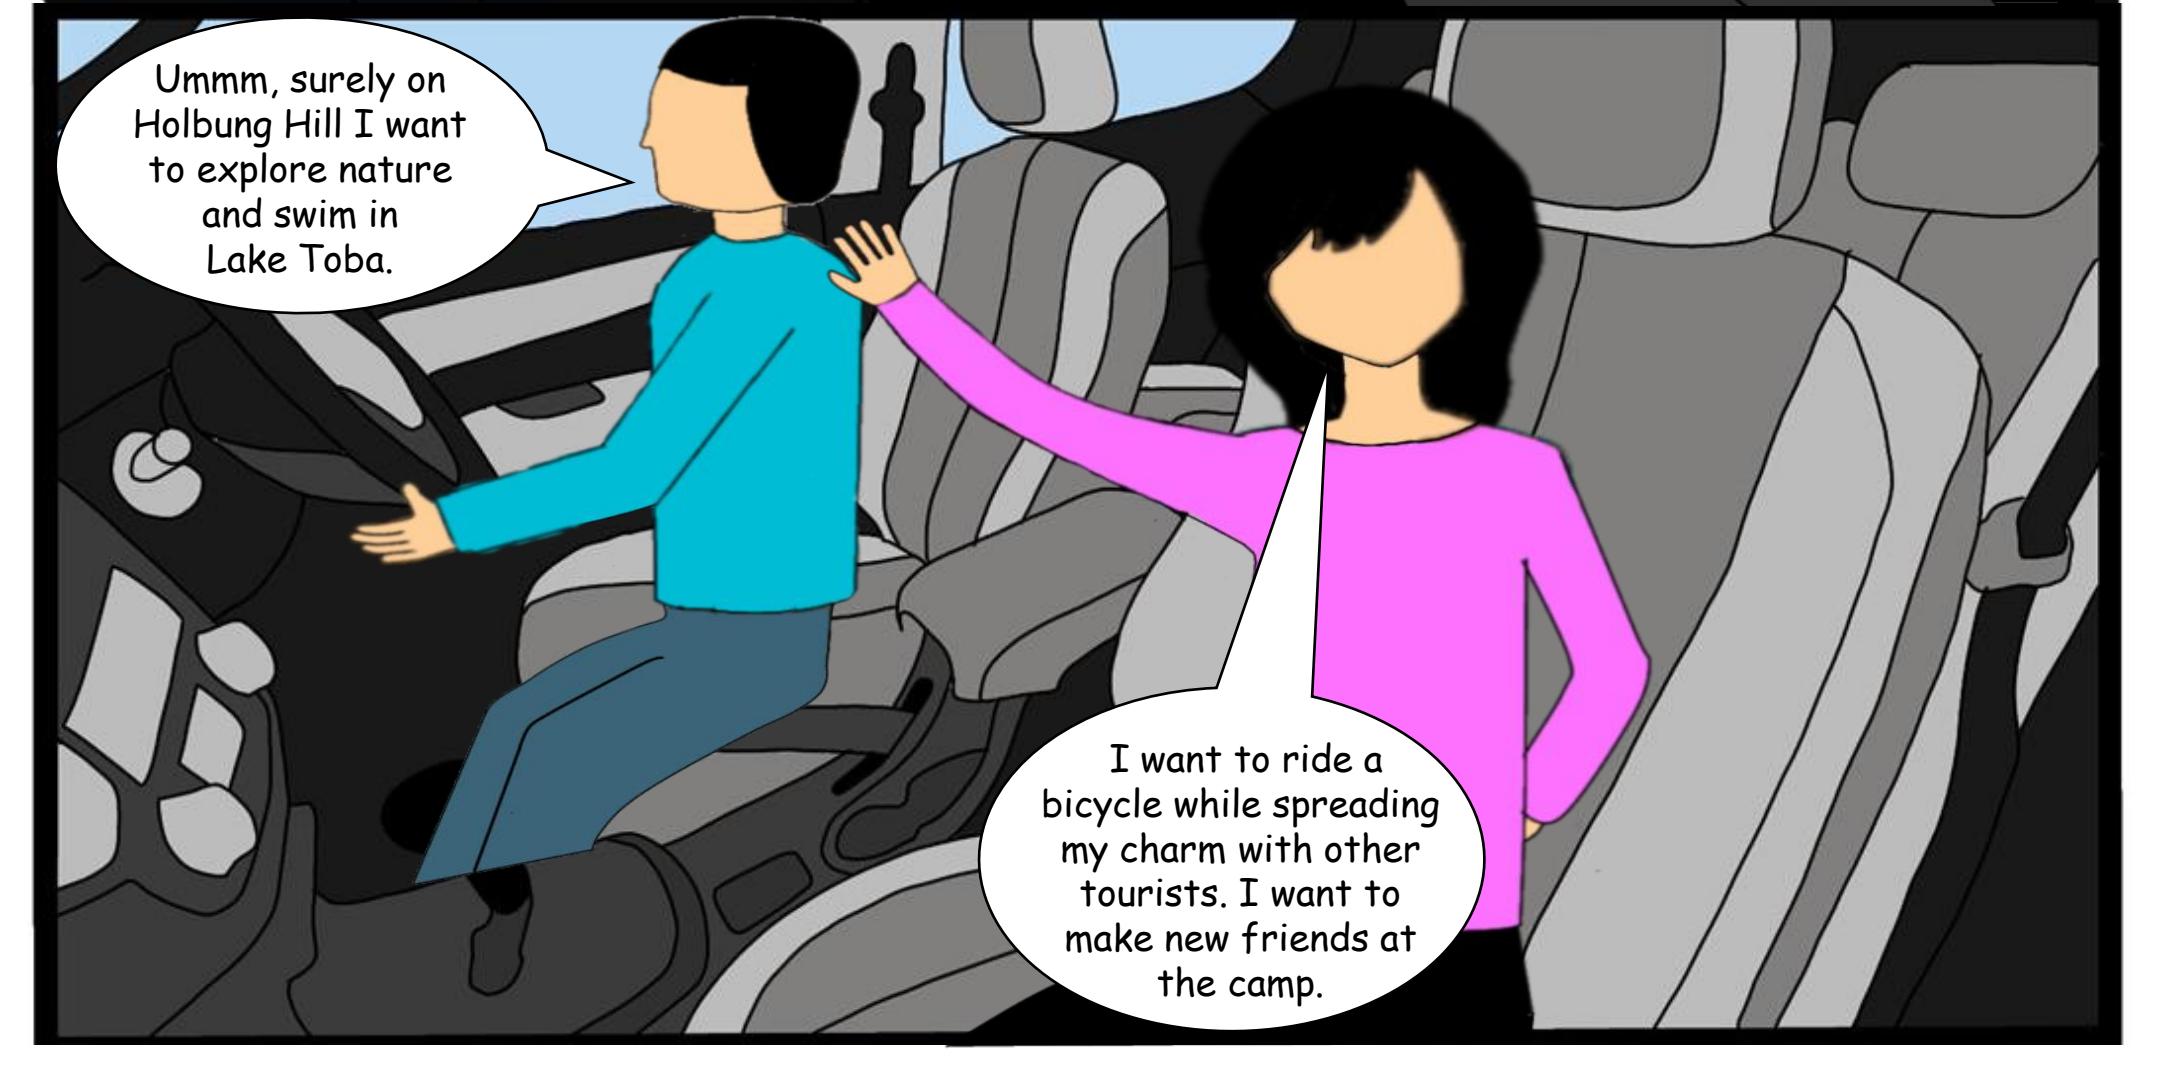

Yup, because by camping on Holbung Hill we will be in the wild.

Right now, we are often lazy to move, especially after the covid pandemic strikes.

And it's not good for our health as young people..
Well.. With camping, then we will be forced to do outdoor activities.

Eumm, don't forget to look the firewood.

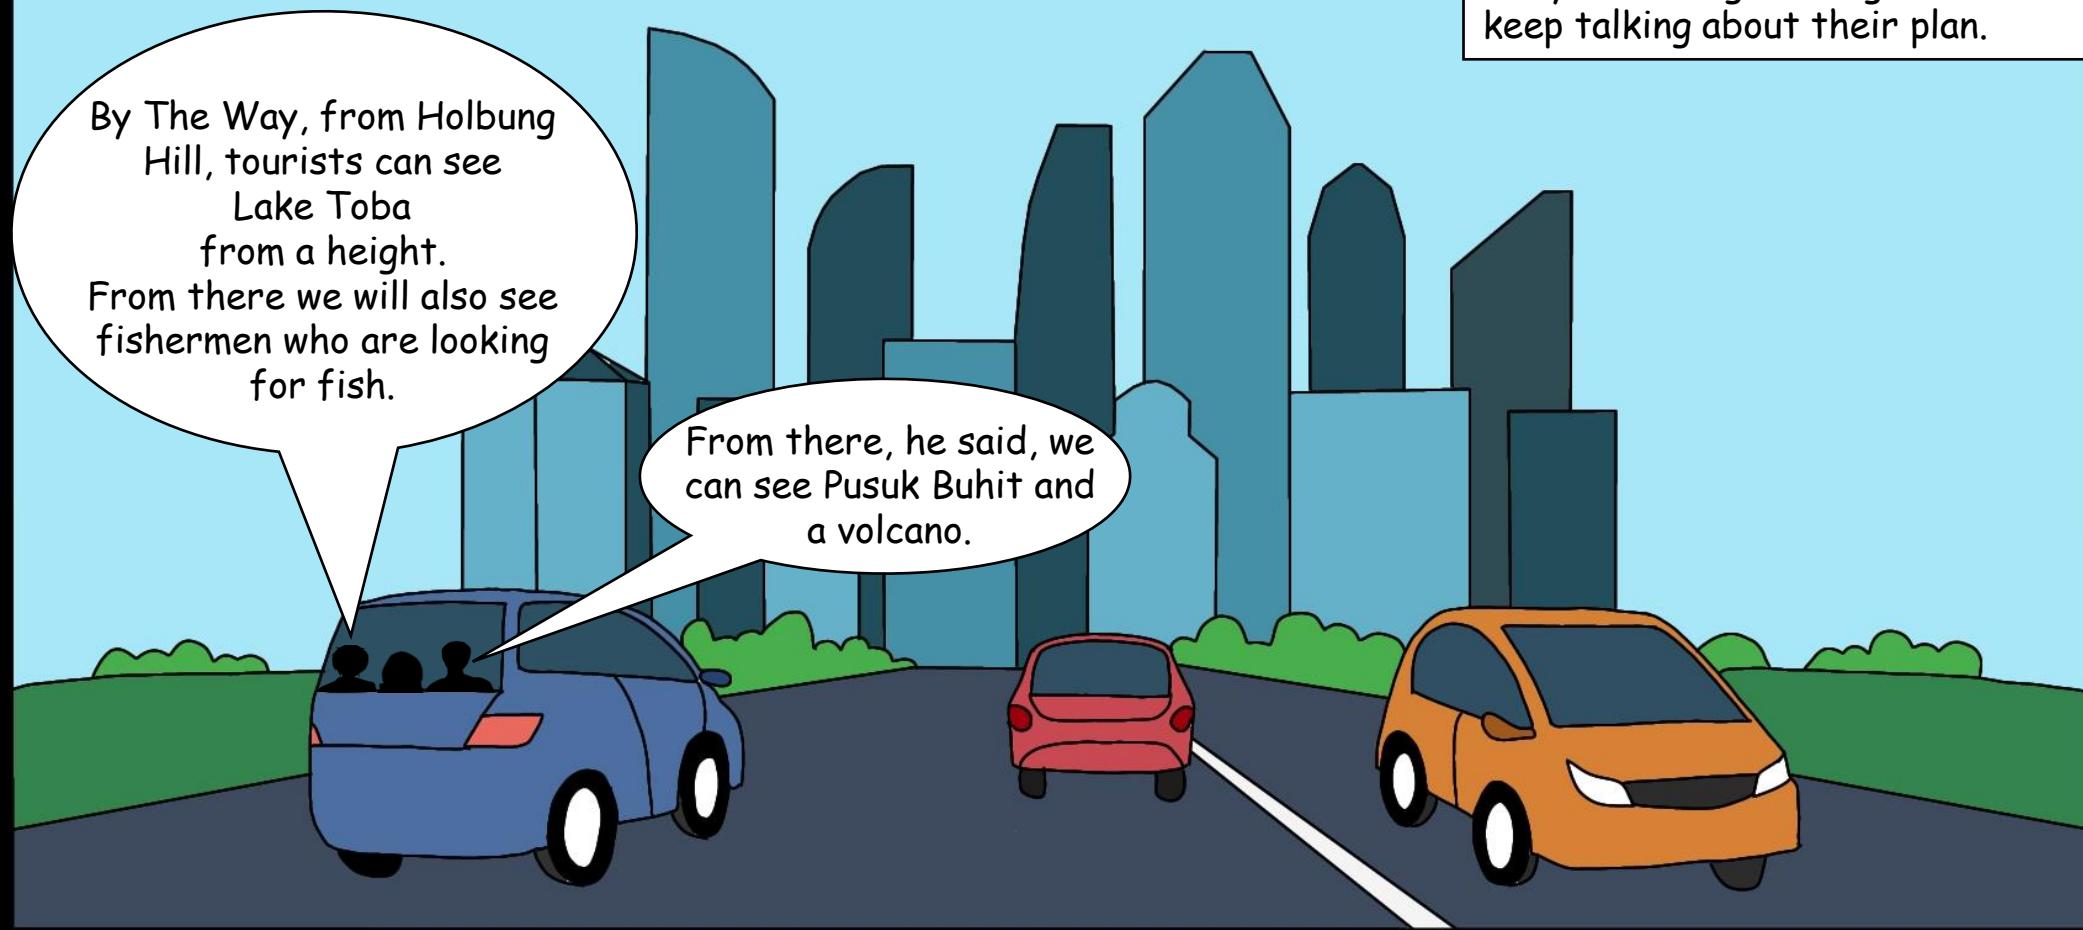

Ummm, surely on Holbung Hill I want to explore nature and swim in Lake Toba.

I want to ride a bicycle while spreading my charm with other tourists. I want to make new friends at the camp.

After a long conversation,
They're leaving to Pangururan and
keep talking about their plan.

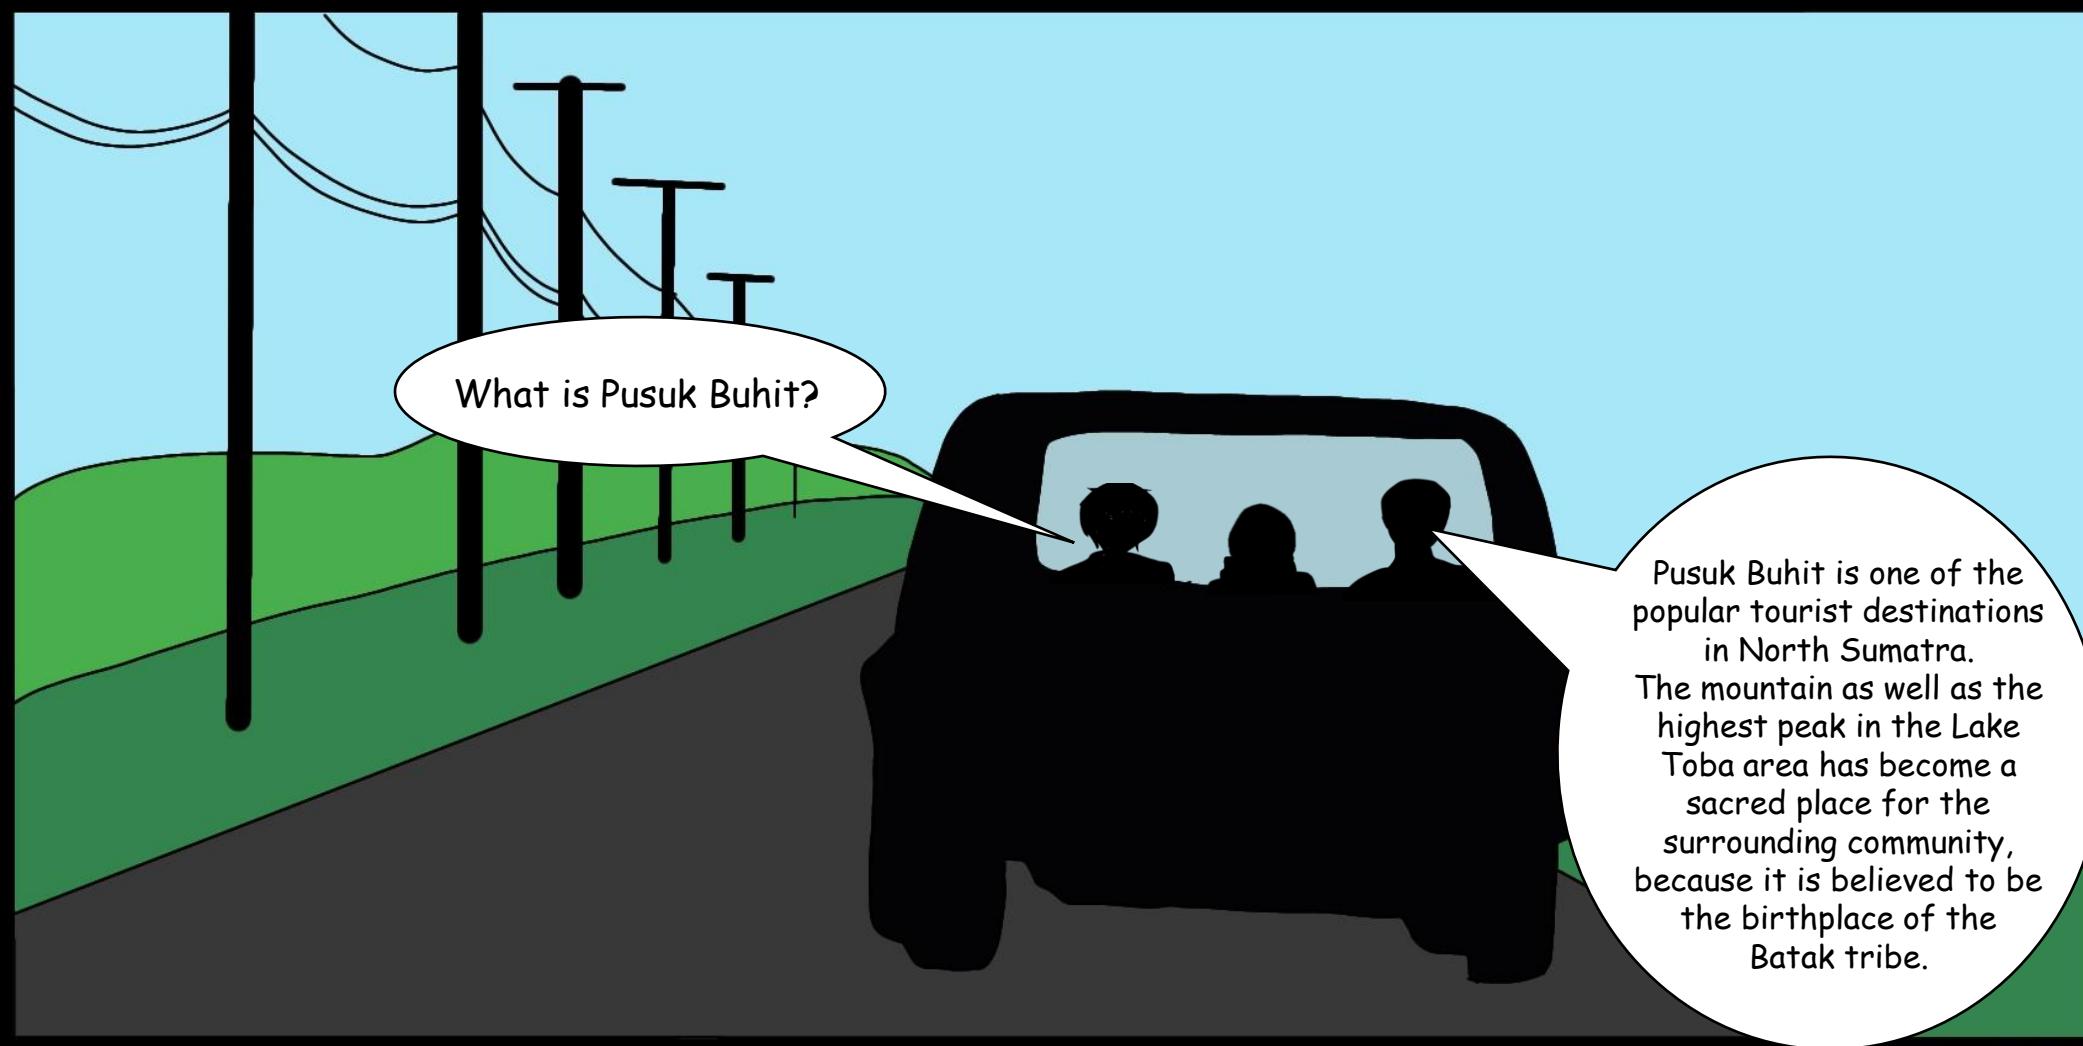

By The Way, from Holbung Hill, tourists can see Lake Toba from a height. From there we will also see fishermen who are looking for fish.

From there, he said, we can see Pusuk Buhit and a volcano.

What is Pusuk Buhit?

Pusuk Buhit is one of the popular tourist destinations in North Sumatra. The mountain as well as the highest peak in the Lake Toba area has become a sacred place for the surrounding community, because it is believed to be the birthplace of the Batak tribe.

Guys, the atmosphere around Pusuk Buhit Hill is said to be a mystery.

On my mind, in the Pusuk Buhit there are many pine trees that stand tall from the foot of the mountain to the top, very large stones. It is said that the natural atmosphere adds to the 'goosebumps' aroma for us as visitors.

Wow, where are we now? How much time will we get?

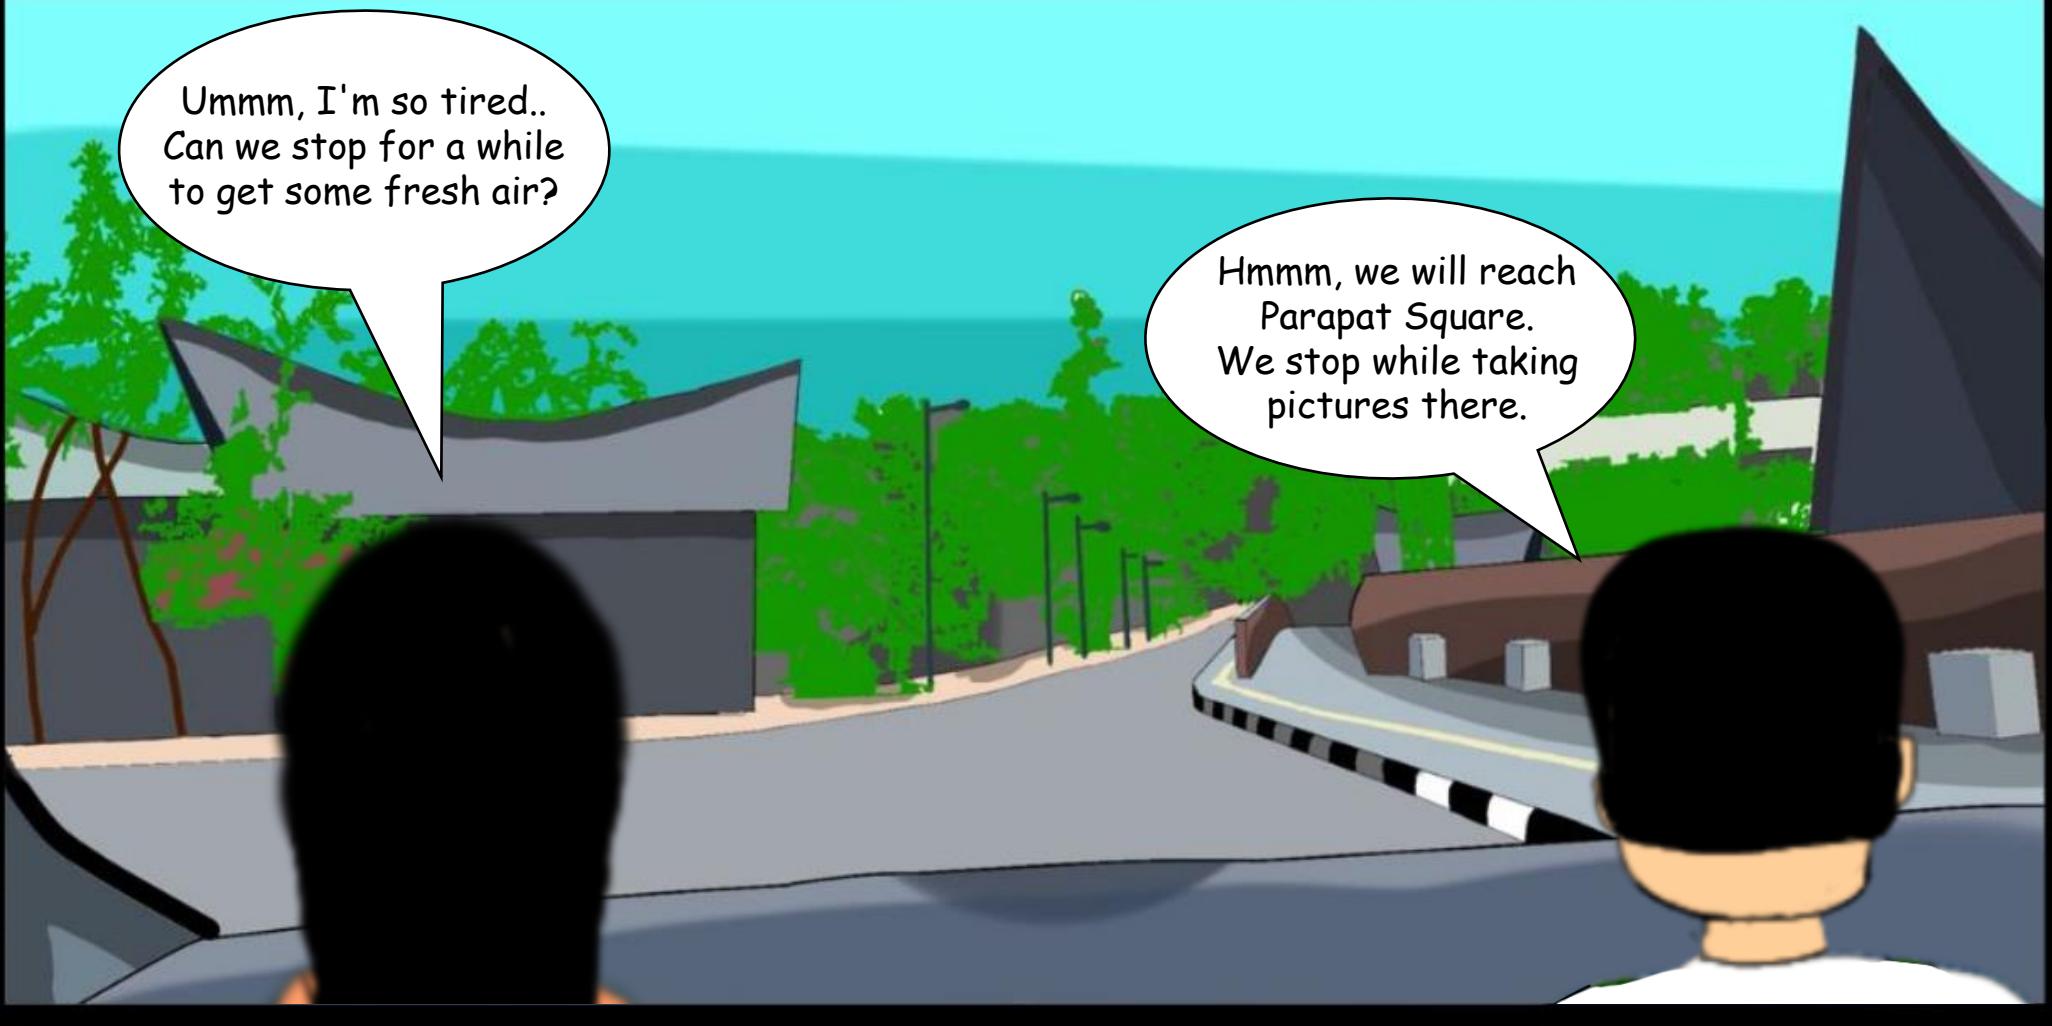

Let me tell you, I read that Holbung hill is 198.7KM from Medan city. From the road, Jamin Ginting Street, near our campus. So, the time to travel is about 6-7 hours.

If visitors are from Medan, the route to Holbung Hill can be via the Medan-Tebing Tinggi Toll Road, Pematang Siantar, Parapat, Merek, and Sidikalang. The route takes about 8 hours with a distance of 341 KM.

So.. Guys, if we go through the city of Pangururan, Samosir, then the travel time is less than 1 hour with a distance of 22.2KM . That's what "Uncle" Google said.

Uh, I received the phone first, okay? Hello Mama? What's wrong?

Ummm, I'm so tired..
Can we stop for a while
to get some fresh air?

Hmmmm, we will reach
Parapat Square.
We stop while taking
pictures there.

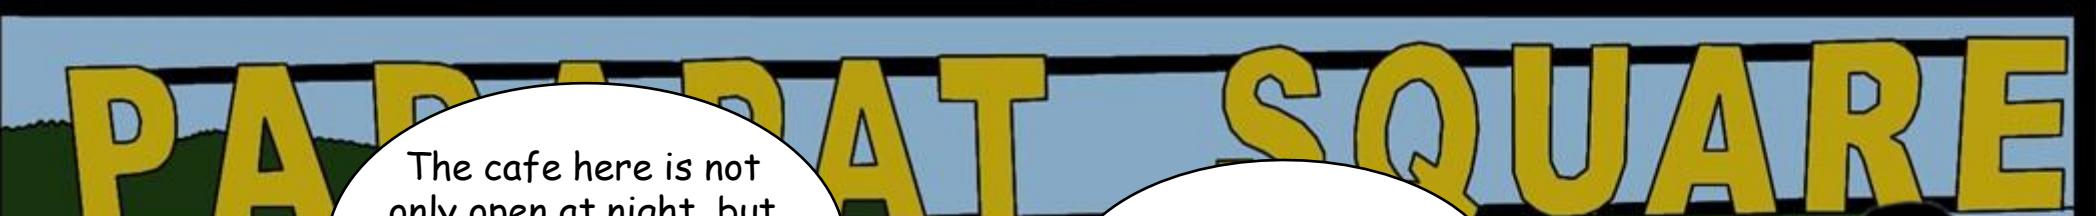

What's for lunch later..
I'm so hungry.

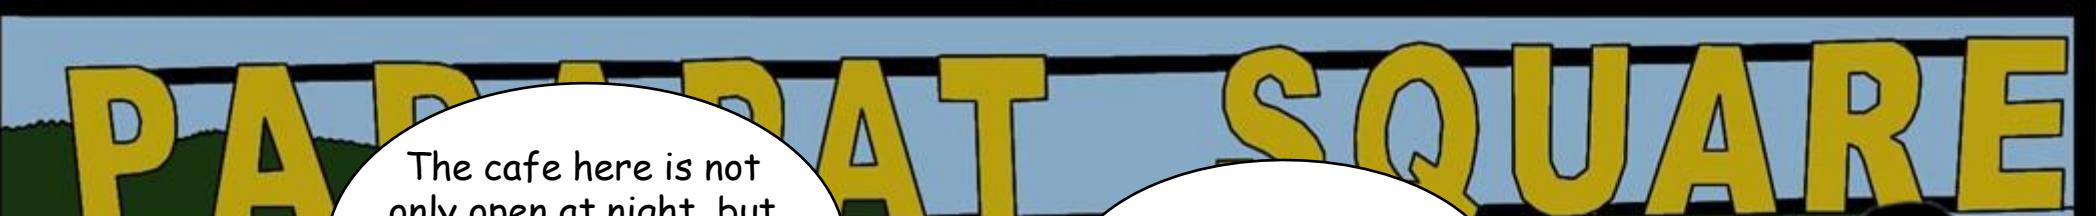

Let's take a rest first
in Parapat Square.
It's amazing, beautiful,
and comfortable view
from here.

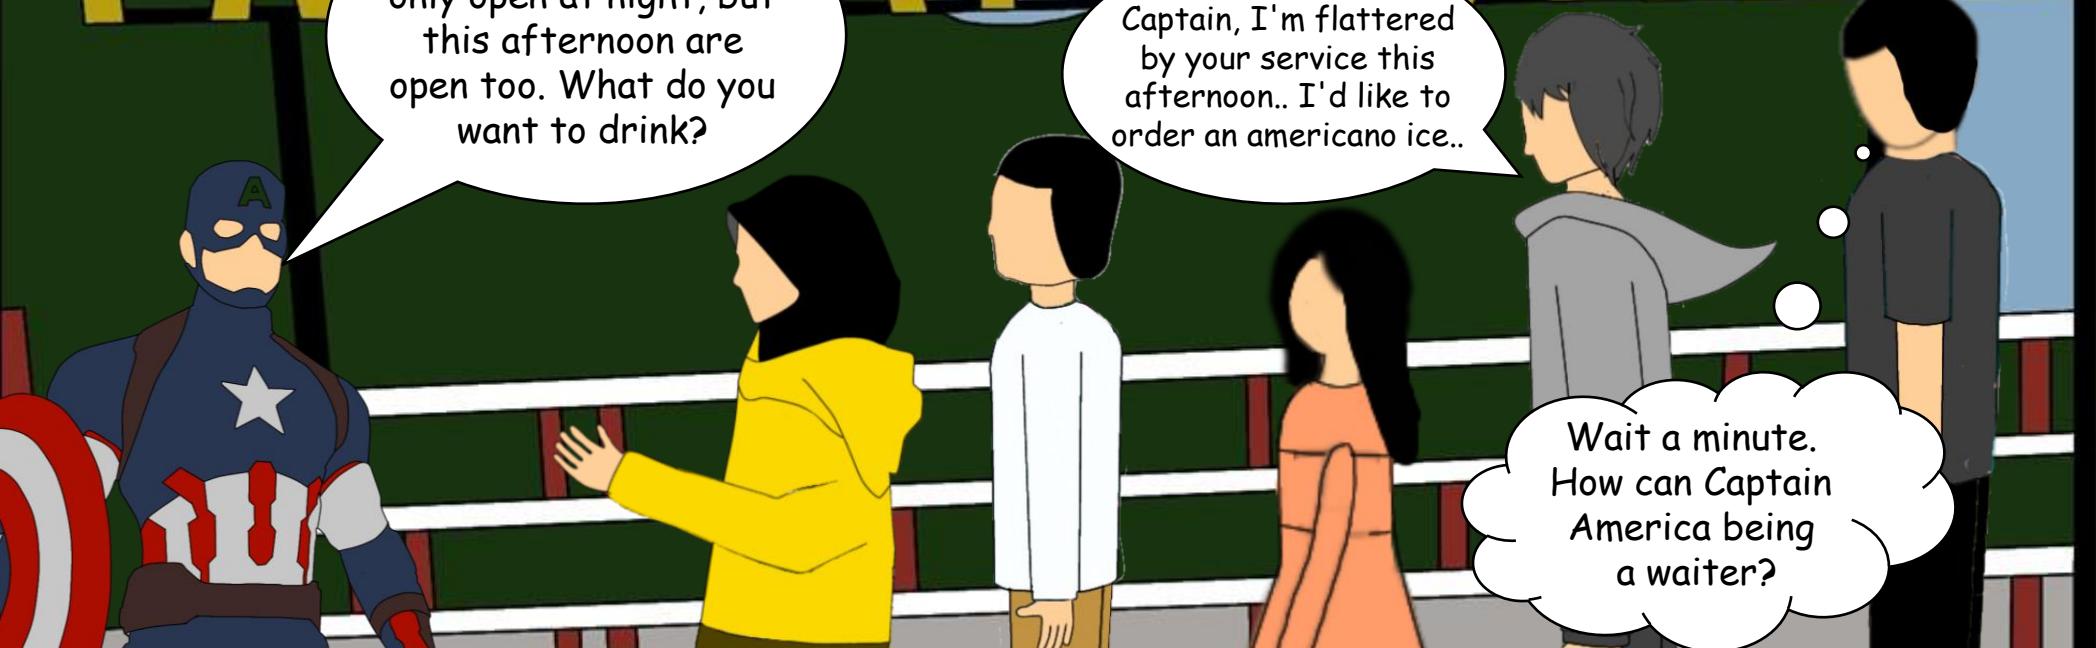

From the information
I got, when night falls,
these Parapats sell a lot
of various things. We can
drink coffee when the
night comes to this
place.. And we can take
photos and update
the status..

The cafe here is not
only open at night, but
this afternoon are
open too. What do you
want to drink?

Captain, I'm flattered
by your service this
afternoon.. I'd like to
order an americano ice..

Wait a minute.
How can Captain
America being
a waiter?

Then, they're continue their journey.

Guys, we have to behave and maintain manners because I heard, the ancestors there don't like rude people.

Those are the usual norms and it should be everywhere we have to behave like that.

Cckk, I'm not superstitious guys. It's just a story. It's all bullsh*t.

Do not like that. remember again we must maintain an attitude wherever we are. Umm, we better eat first. On the side of the road, there is usually a restaurant.

Looking for delicious food?
Here we are, cook and serve with delicious way.

Guys, it's time for our lunch..
I'm already hungry.

I want to eat arsik goldfish.. It's amazing..

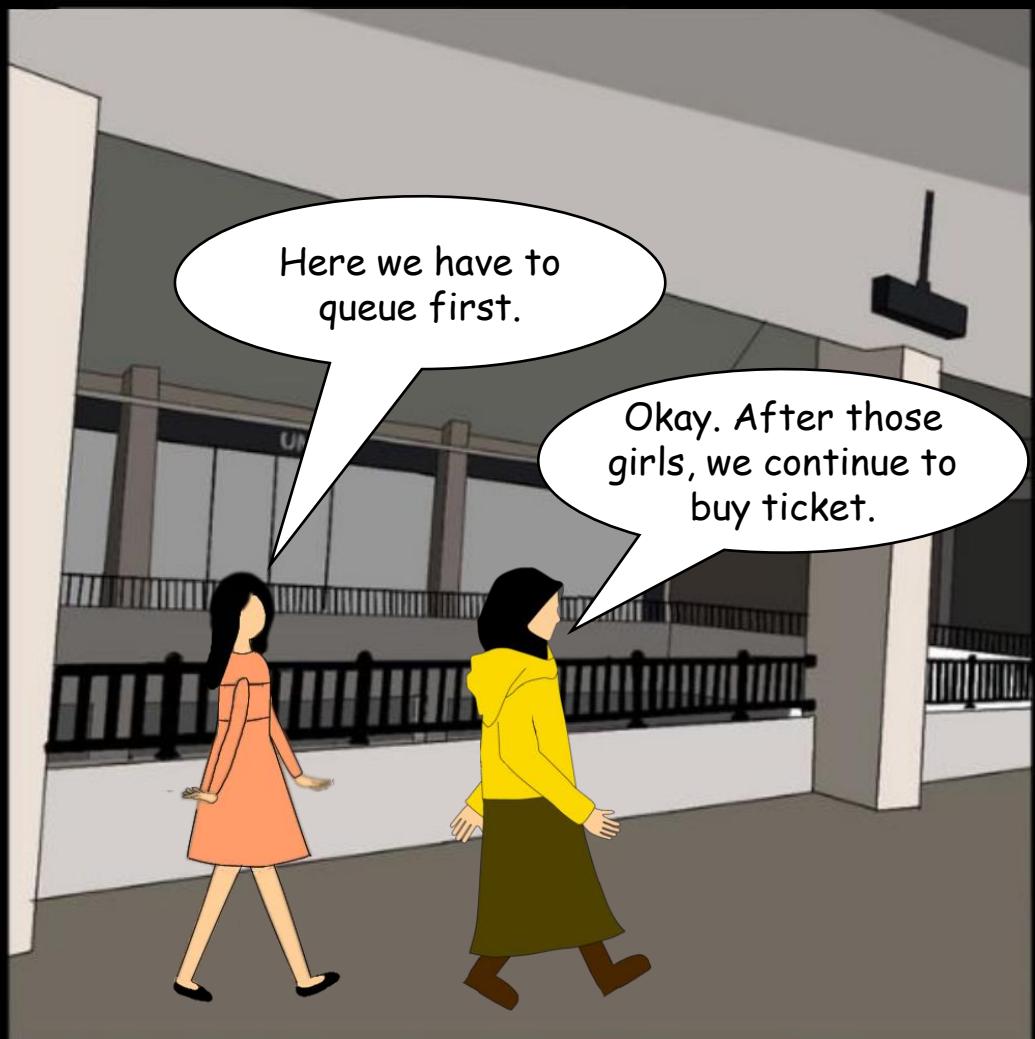

This is a traditional shop that is typical of Pangururan.

Welcome,
Let's get in.
Your stomach already shout out.

Grrrr...
Fill us with delicious food!!

After they finished eating and they arrived at the port of Ajibata to cross Lake Toba to the port of Ambarita.

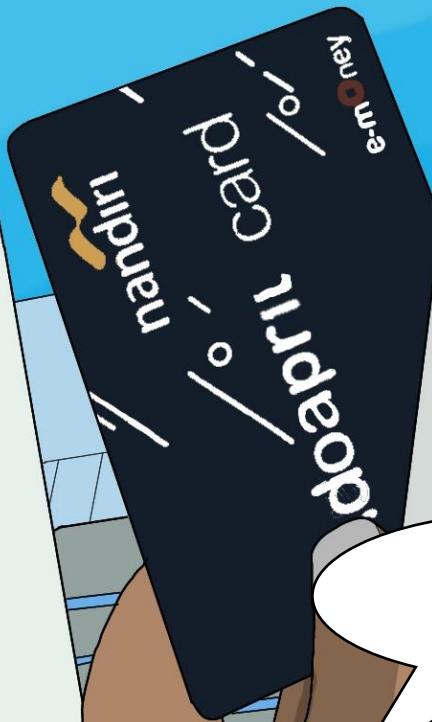

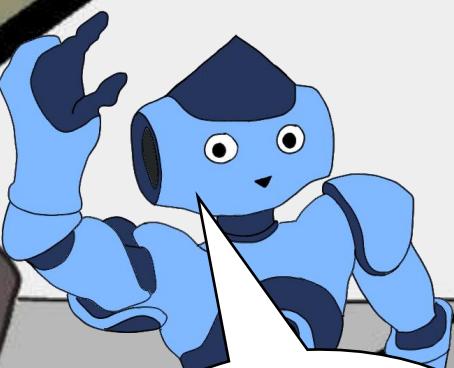

5 passengers, with
1 car. How much?

Rp170.000, Miss

From here, the harbor
looks beautiful.
Let's take a photo of
the ticket as a moment.

Cool!

Check ticket sir,
make sure you
have bought
a ticket.

After the car is parked
on the ship, please get
off. Because it will be
dangerous if in the car.

I'm pounding
leaving my car.

It's safe, let's go
up and enjoy the
lake breeze.

Guys we can
sit here.

Guys look, there's a kid swimming. Reportedly they swim while asking visitors for money.

We have shown our swimming skills, please give us money?!

Wow I'm afraid they get hit by the ship.

Did you know, about the story of Lake Toba. It is said that Lake Toba was created because Toba violated the rules of his wife who is a gold fish stealth.

Once, but I thought it was just a fairy tale. That story became the branding of Lake Toba, That Lake Toba has a lot of gold fish.

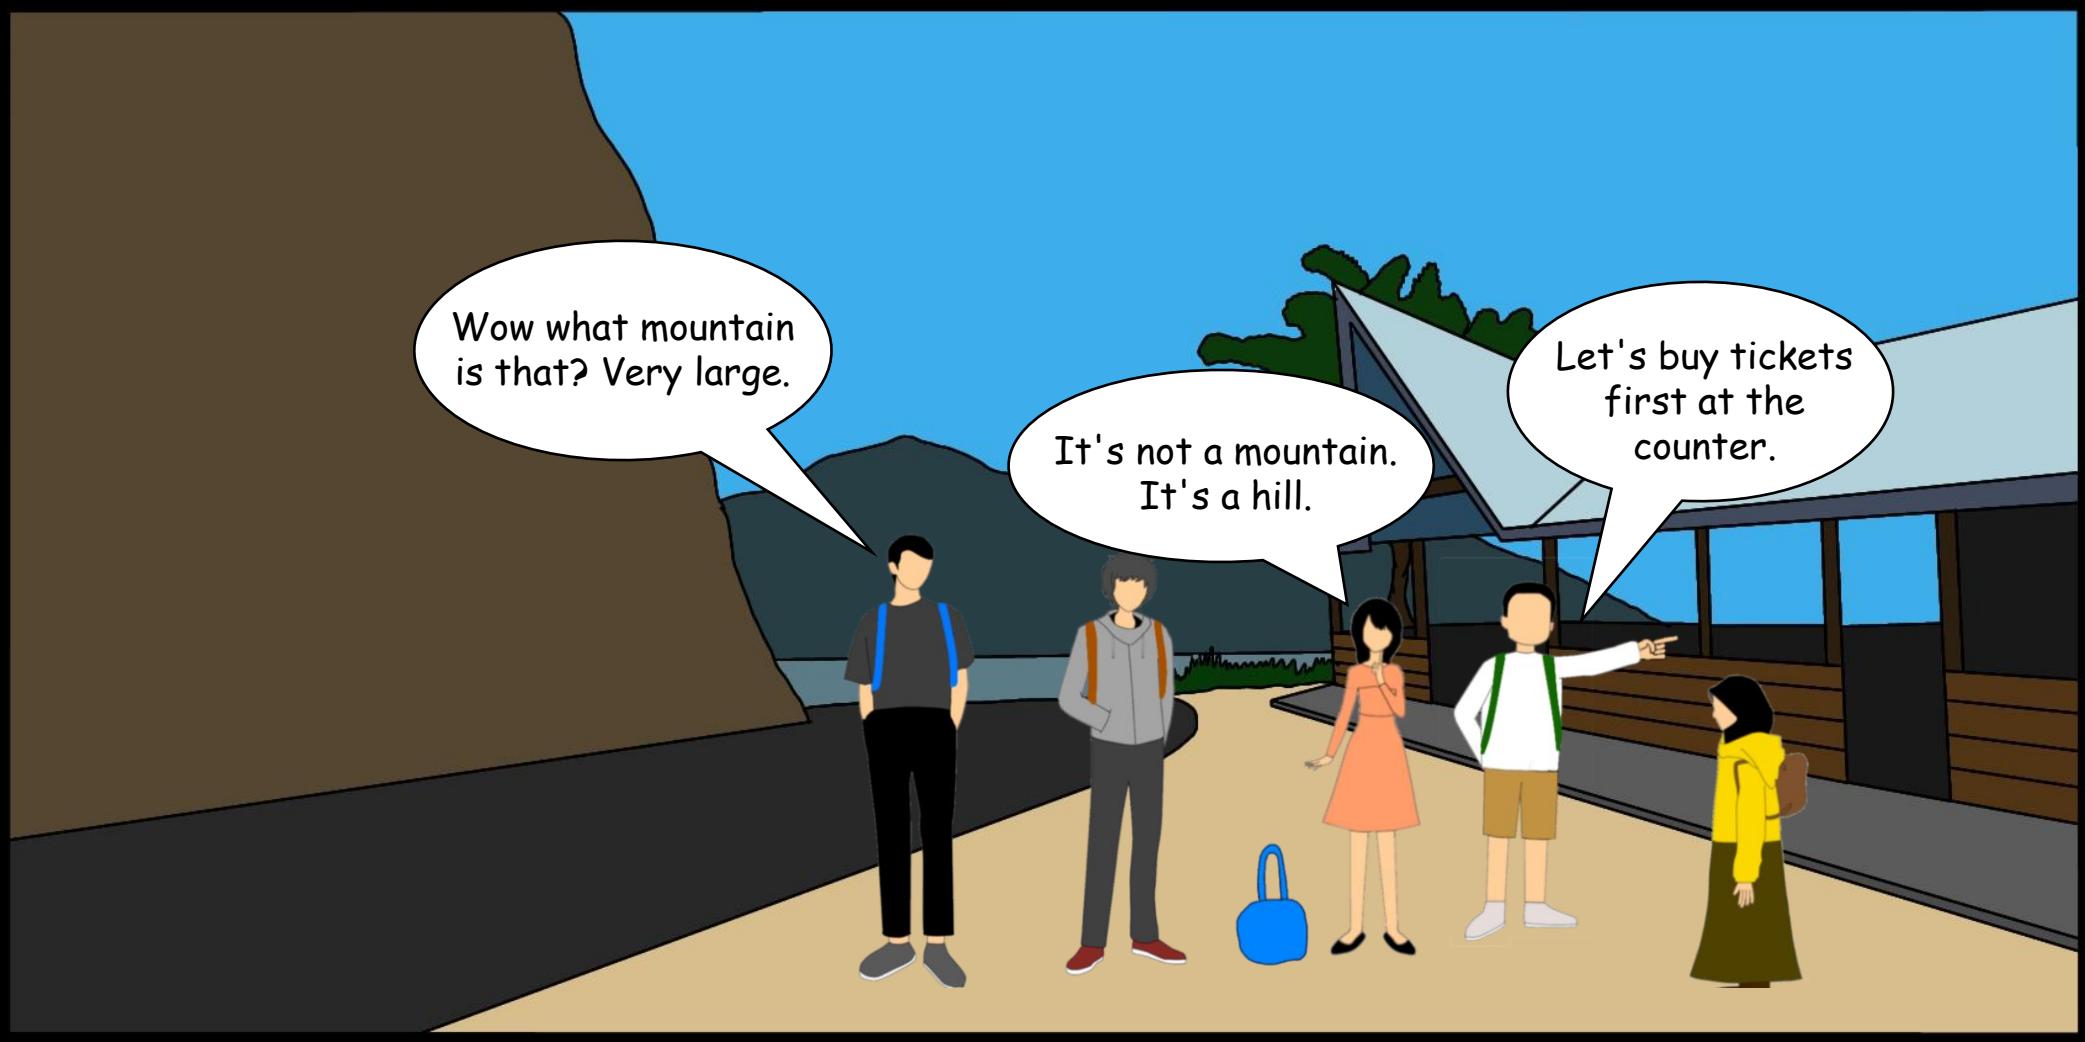

Umm I don't know, but I like the atmosphere here. Cool still lots of trees and lake breeze.

Oh hel* yeah, I really like this atmosphere.

Keep your mouth, okay?

A few hours later, they arrived at Holbung Hill.

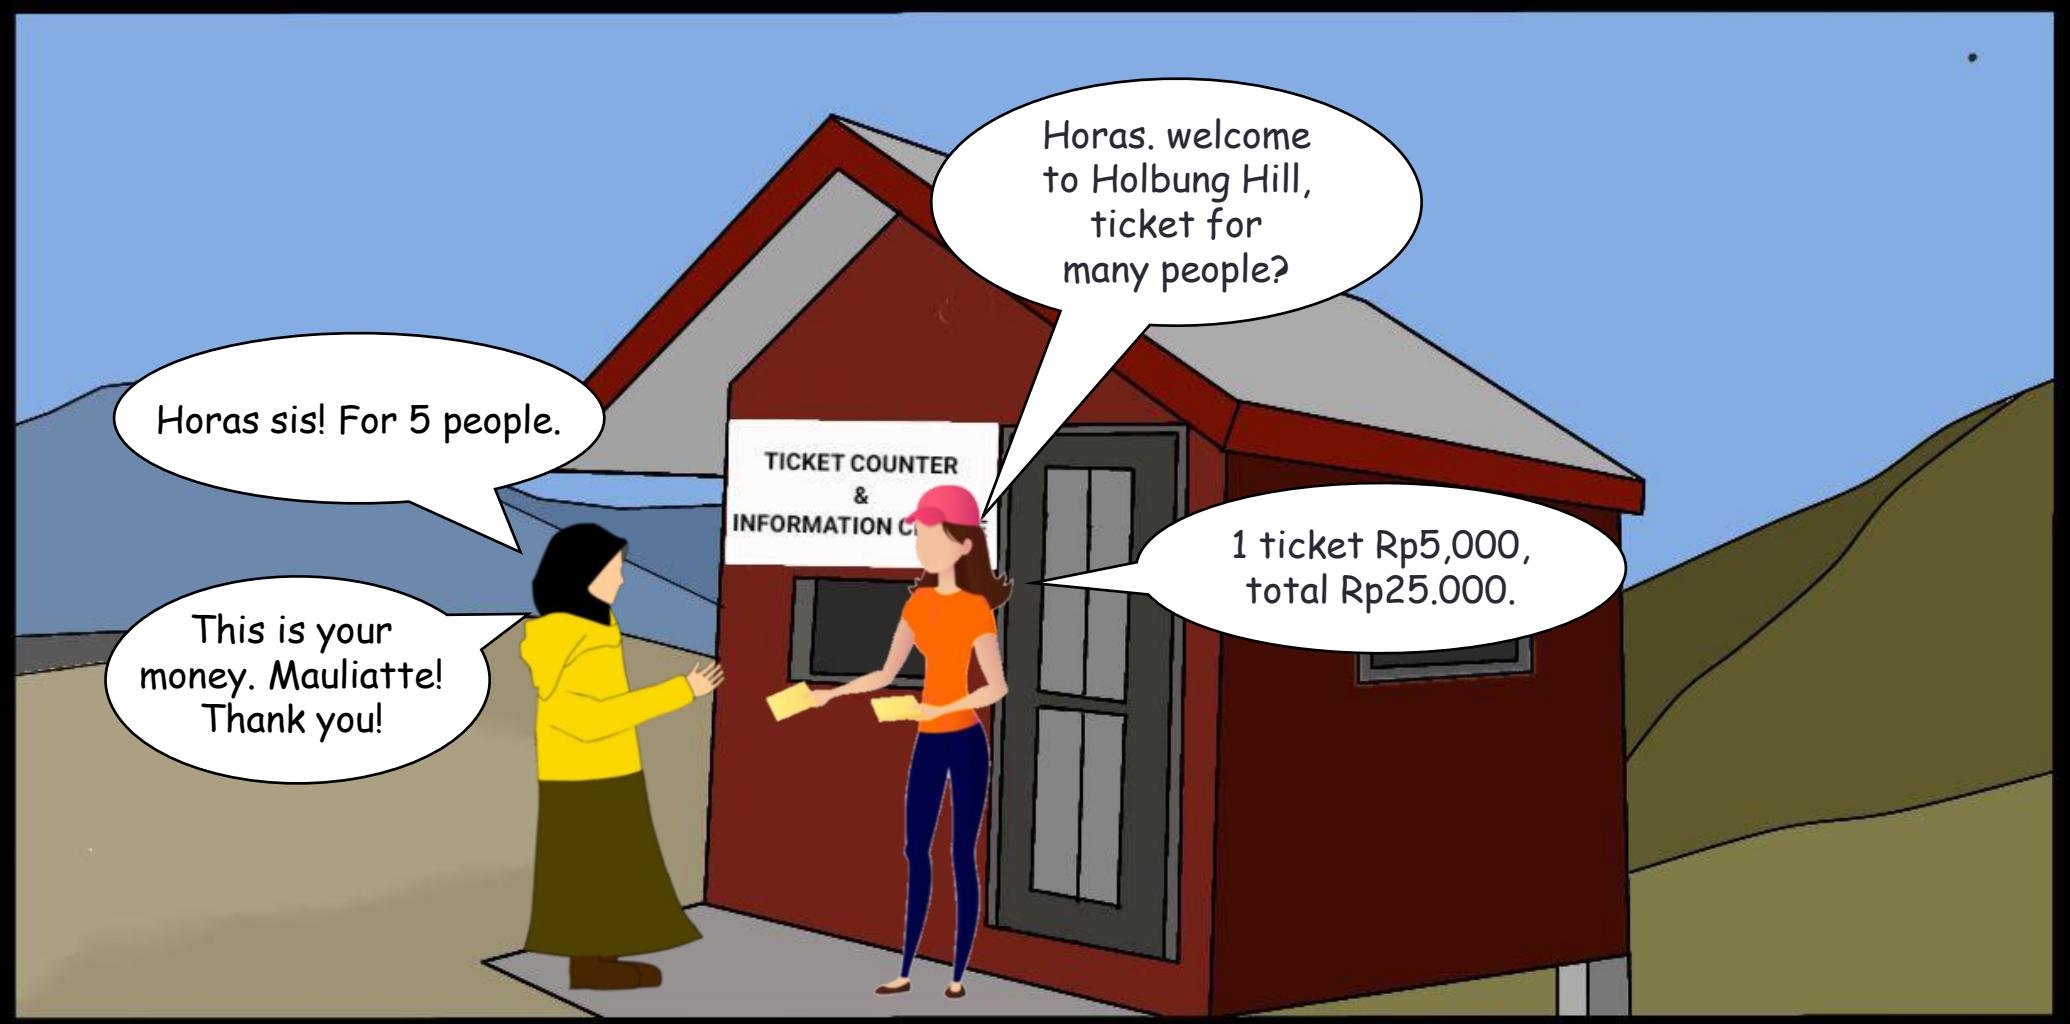

Information panels.

Selamat Datang

BUMDes HARIARAPOHAN

Enterance ticket of Holbung Hill.

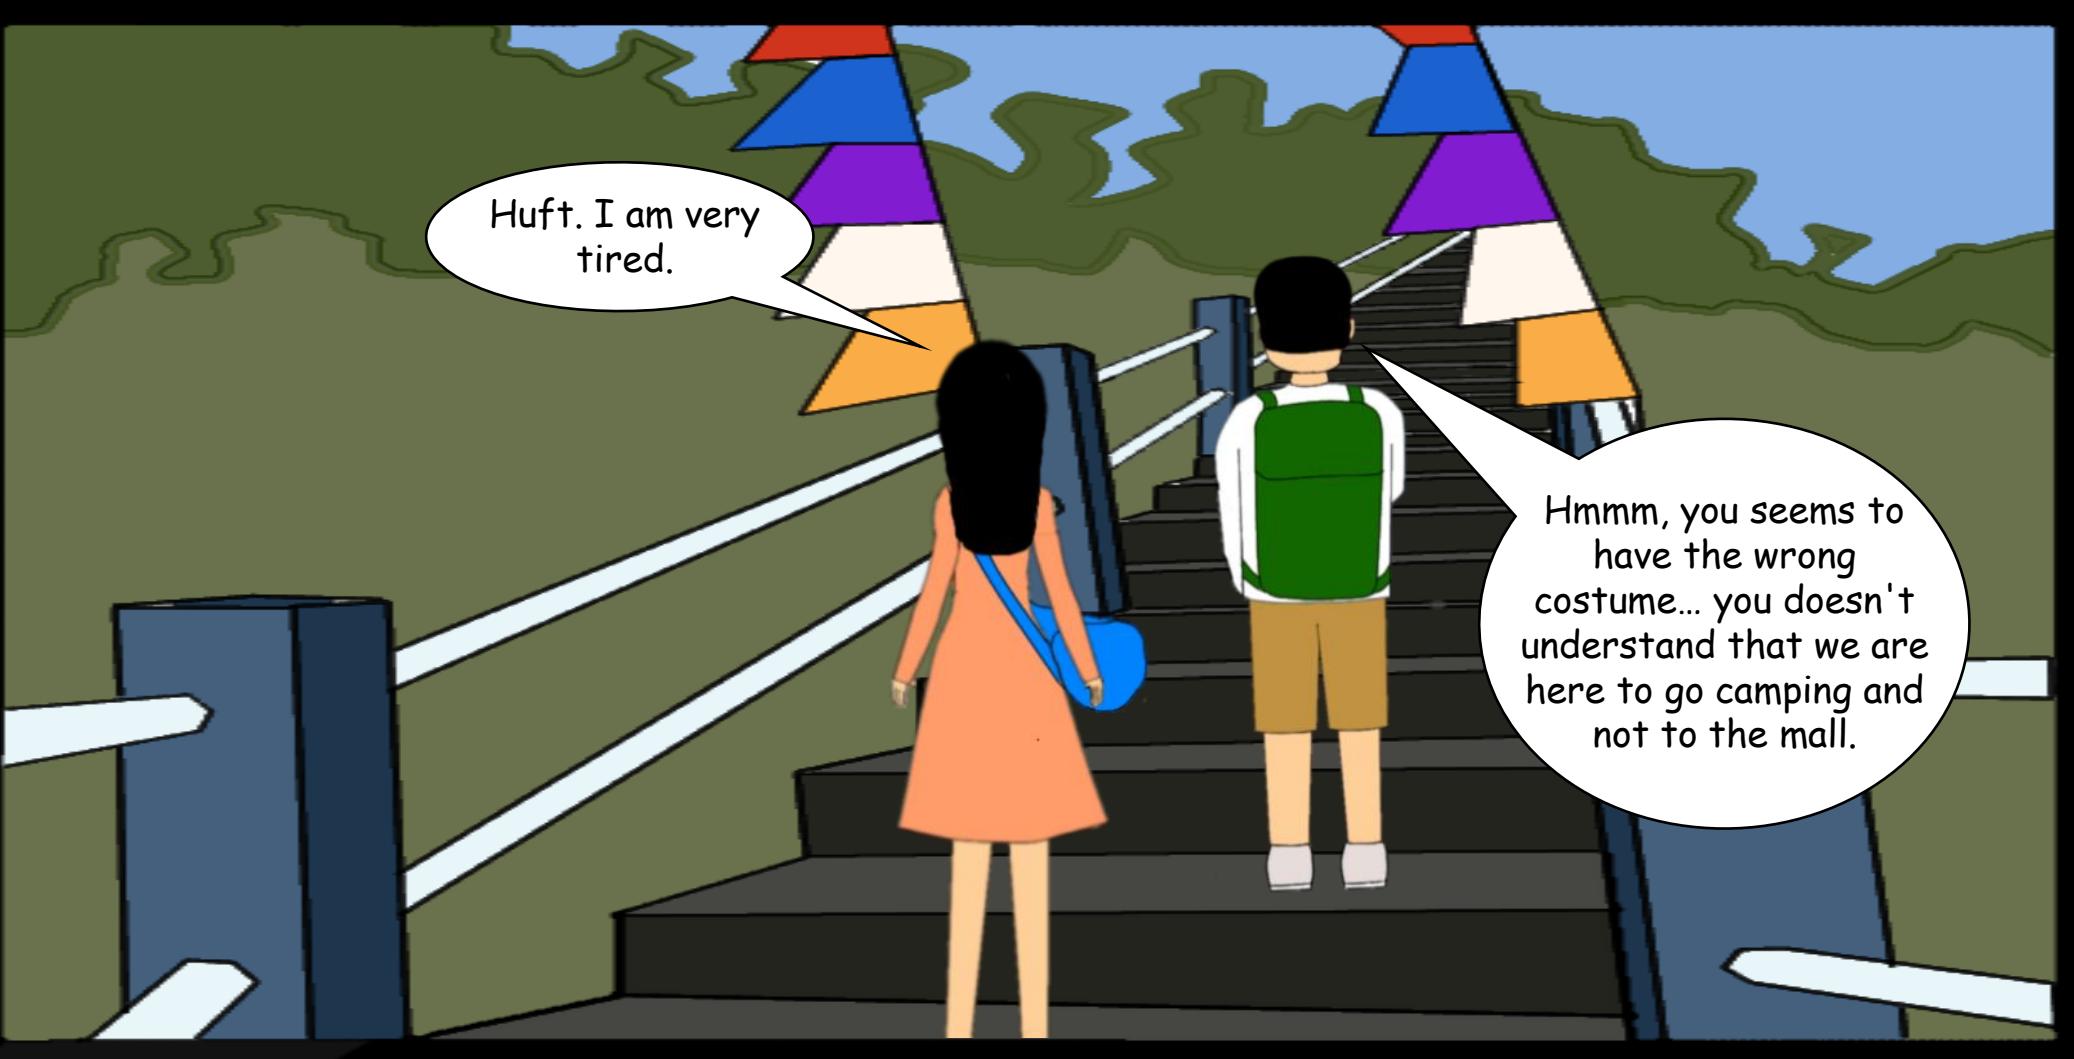

Commemorating independence is still felt, right? It looks like it will be fun if on August 17 we climb. It will be crowded by other climbers here!

Yup, the gate still has red and white. It's definitely fun celebrating Indonesia's independence day while having a ceremony with other climbers.

Let's go, we will climb many stairs.

Wow, the scenery is starting to feel. Let's go up the stairs again to the top of the hill.

Huft. I am very tired.

Hmmm, you seems to have the wrong costume... you doesn't understand that we are here to go camping and not to the mall.

All the activities, busyness, and excitement that I do while camping here, can encourage me to sleep more soundly.

What are you talking about?, you can't sleep here.. You have to guard our camp so it doesn't get attacked by wild animals.

Don't worry, I'm a Black Panther, I'll protect you from wild animals. But give me some delicious instant noodles, okay?

Yosh! There are no wild animals here. The most important thing is our camping equipment is complete brought.

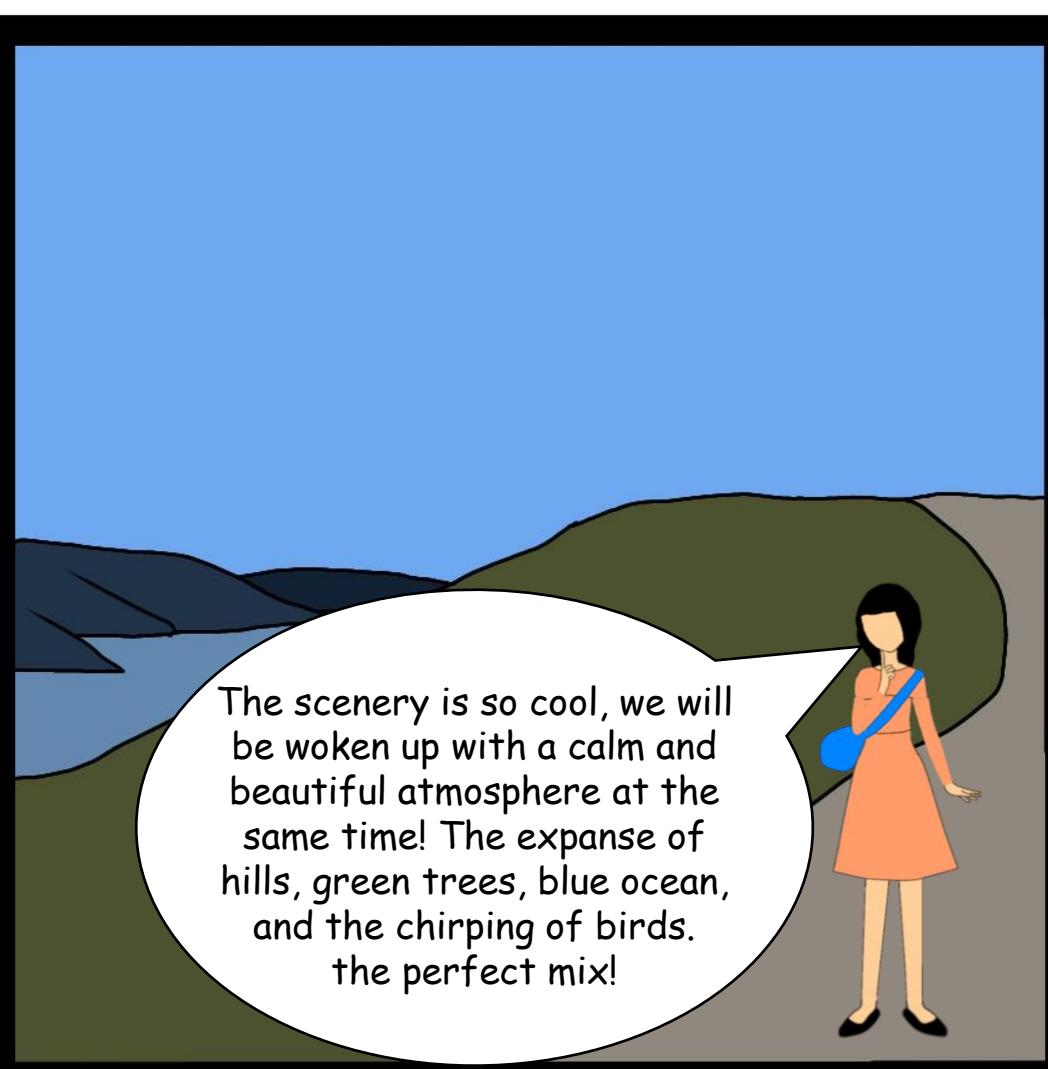

Sh*t, I'm shocked. What does this Black Panther want to do?!

Guys we've reached the hill.
But we have to go halfway
there so we can get land to
set up camp.

What the hel*,
Why don't
we arrive?!

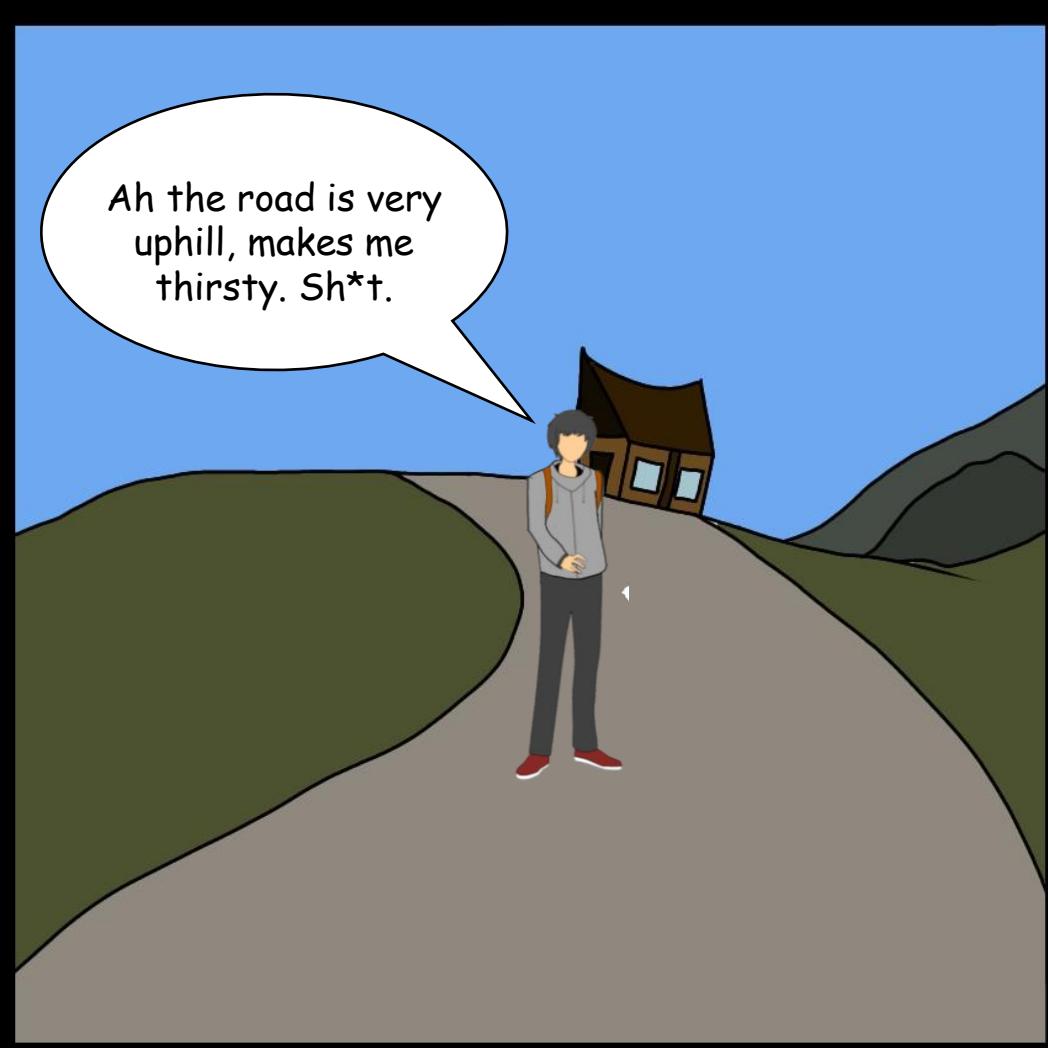

The scenery is so cool, we will
be woken up with a calm and
beautiful atmosphere at the
same time! The expanse of
hills, green trees, blue ocean,
and the chirping of birds.
the perfect mix!

Oh my God,
the view!.
Jennie, take a
picture of me!

Sure!

Ah the road is very
uphill, makes me
thirsty. Sh*t.

Didn't I remind you
several times?
Stop speak badly.
Hey! do not litter.
Pick up your trash!

Whatever. I am very
tired and want to
sleep in my room. I
really regret coming
to this ugly place.

On the land to set up a cool camp, there are also stalls on the hill, even on the hill.

Let's buy a drink, you must be thirsty.

Let's sit here first and rest.

That's right, it's delicious when accompanied by noodles with gravy and sweet iced tea like this!

Wow, the view from this angle is also good.

As a Black Panther, tell you that activities in this Holbung Hill-free nature can reduce stress. My advice, you should leave technology for a while. Not playing with electronic devices during camping can help clear your mind and enjoy the beauty of nature.

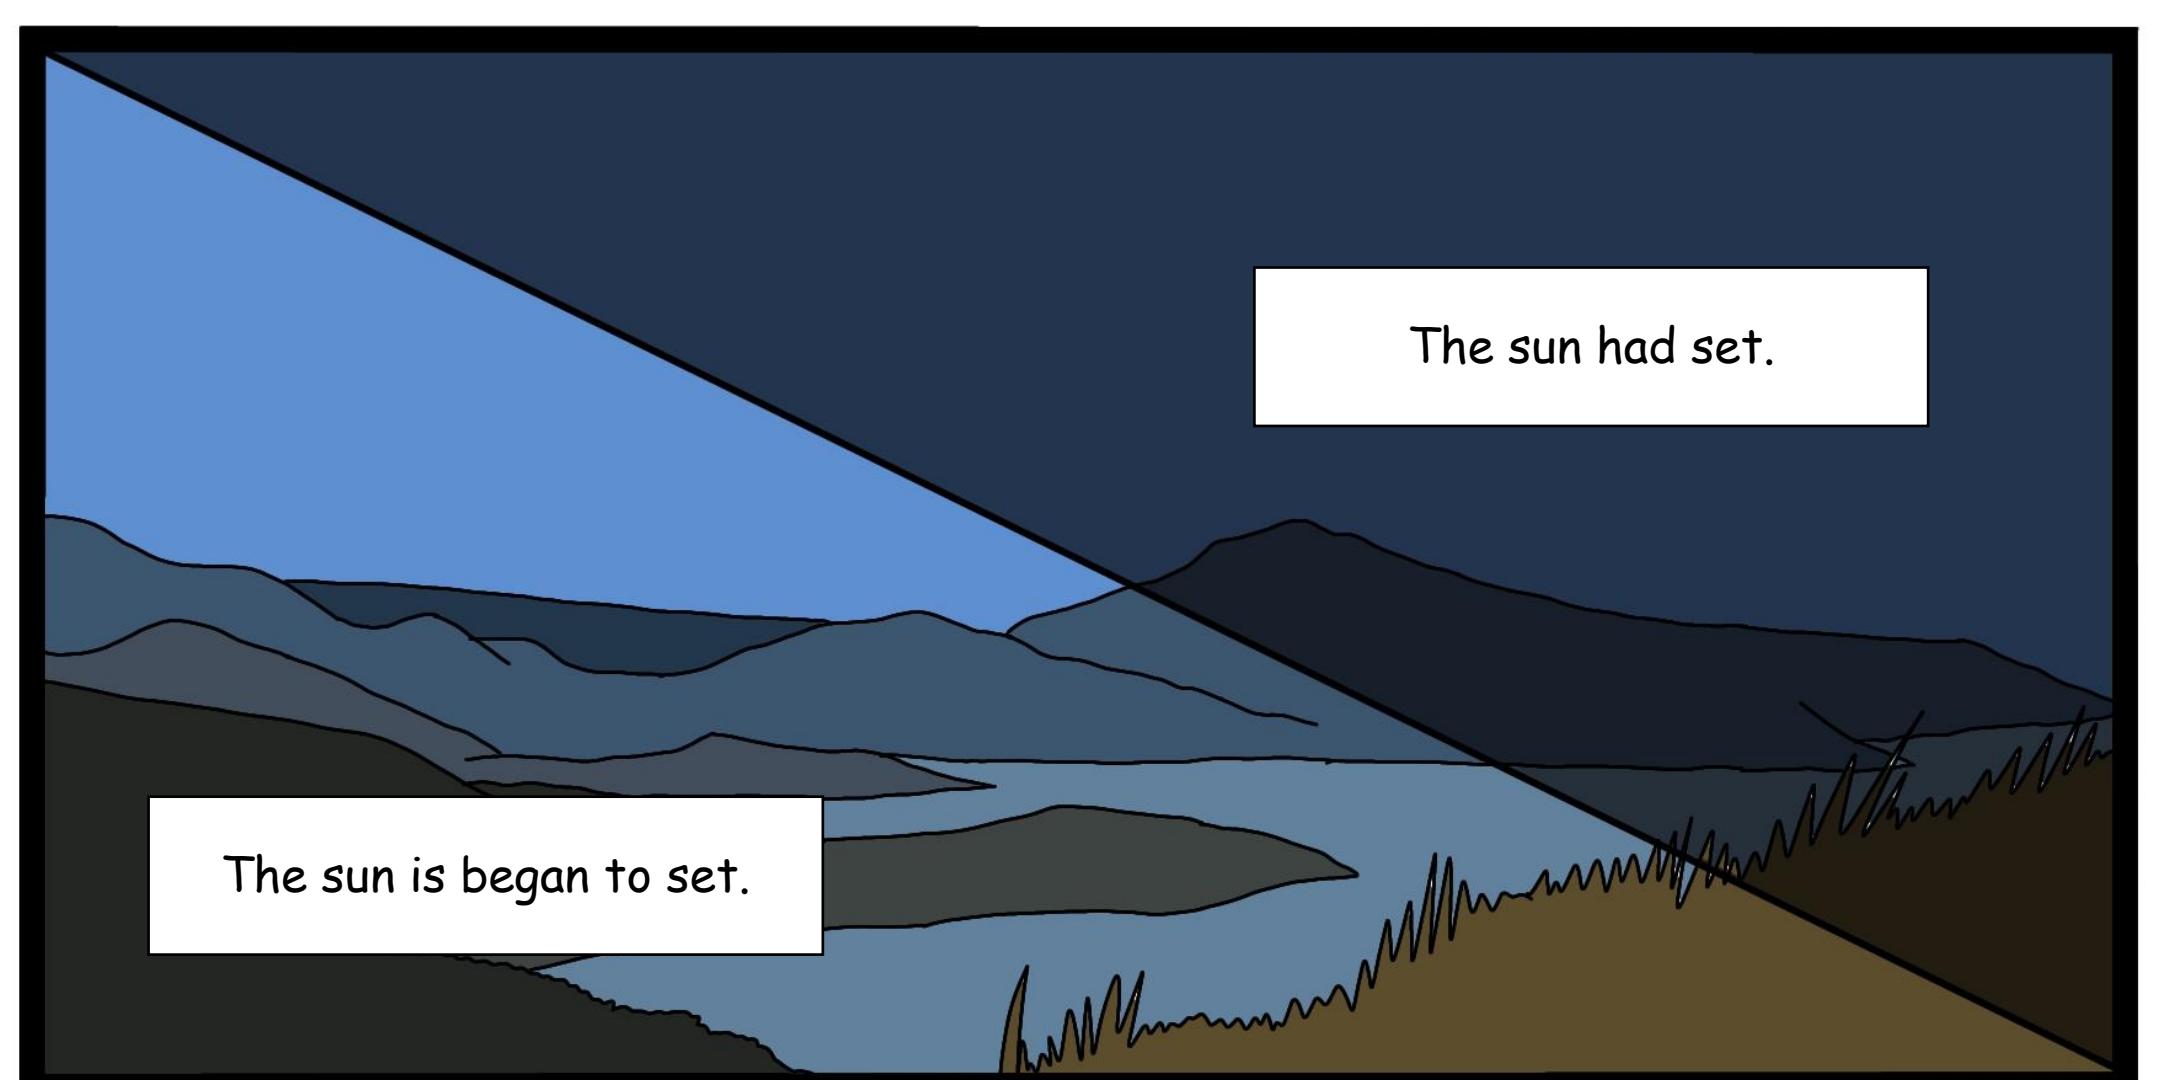

How come this Black Panther is controlling us?

I don't want to interfere with your business in camping here. However, I want to tell you that if you spend time together here while camping. Then this place will offer an opportunity to forge an unbreakable bond of friendship between you two. The relationship between you as friends will be built closer because you can share stories, do silly things, and help each other so that your camping activities run smoothly.

It shouldn't be like that to the Black Panther because he will protect us from being attacked by wild animals. Be patient if you are advised by him.

Huft, you are so interfering in our camping affairs.

The sun had set.

The sun is began to set.

At night..

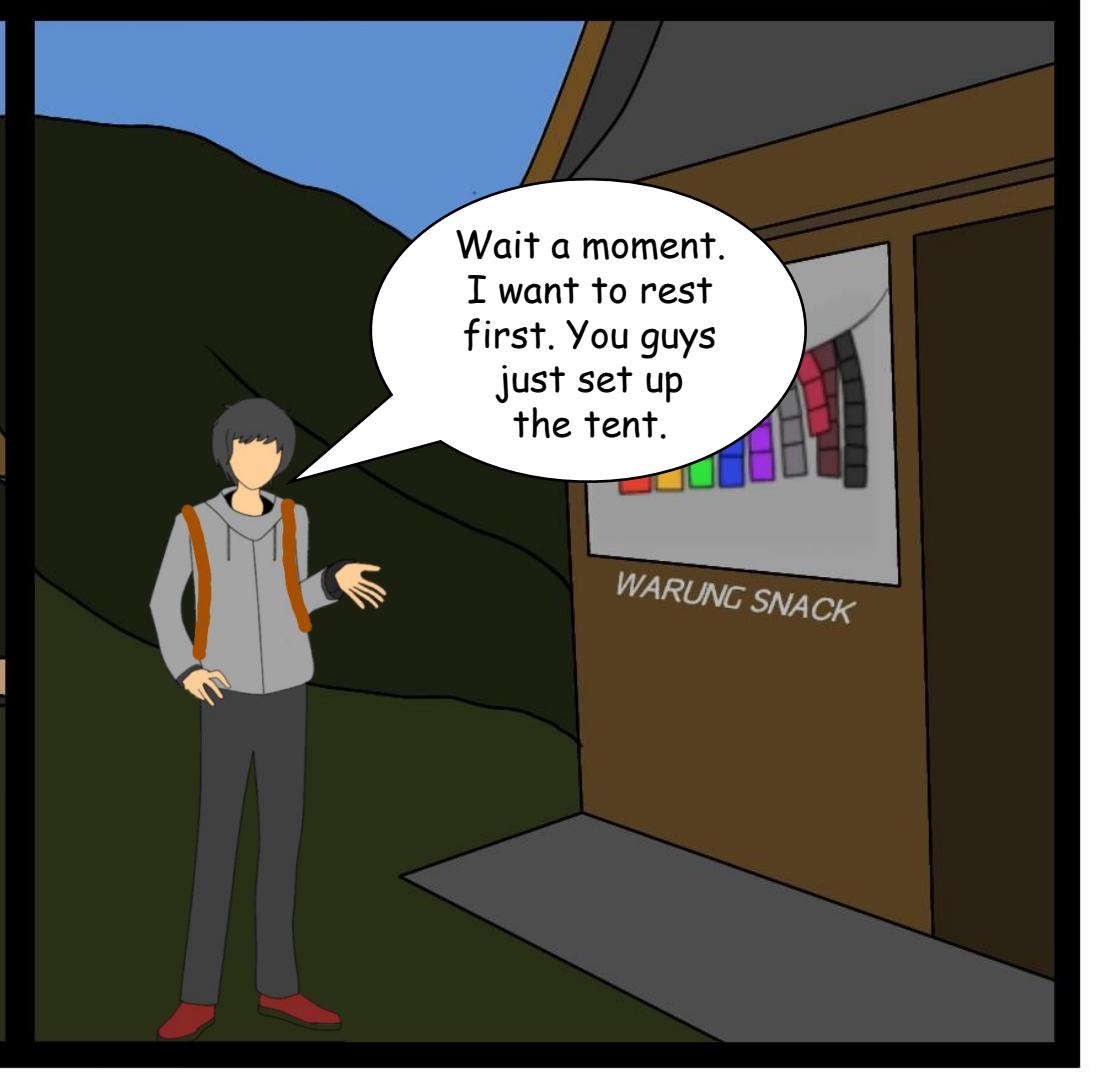

It was almost
night, the
temperature was
very cold. Let's
set up a tent.

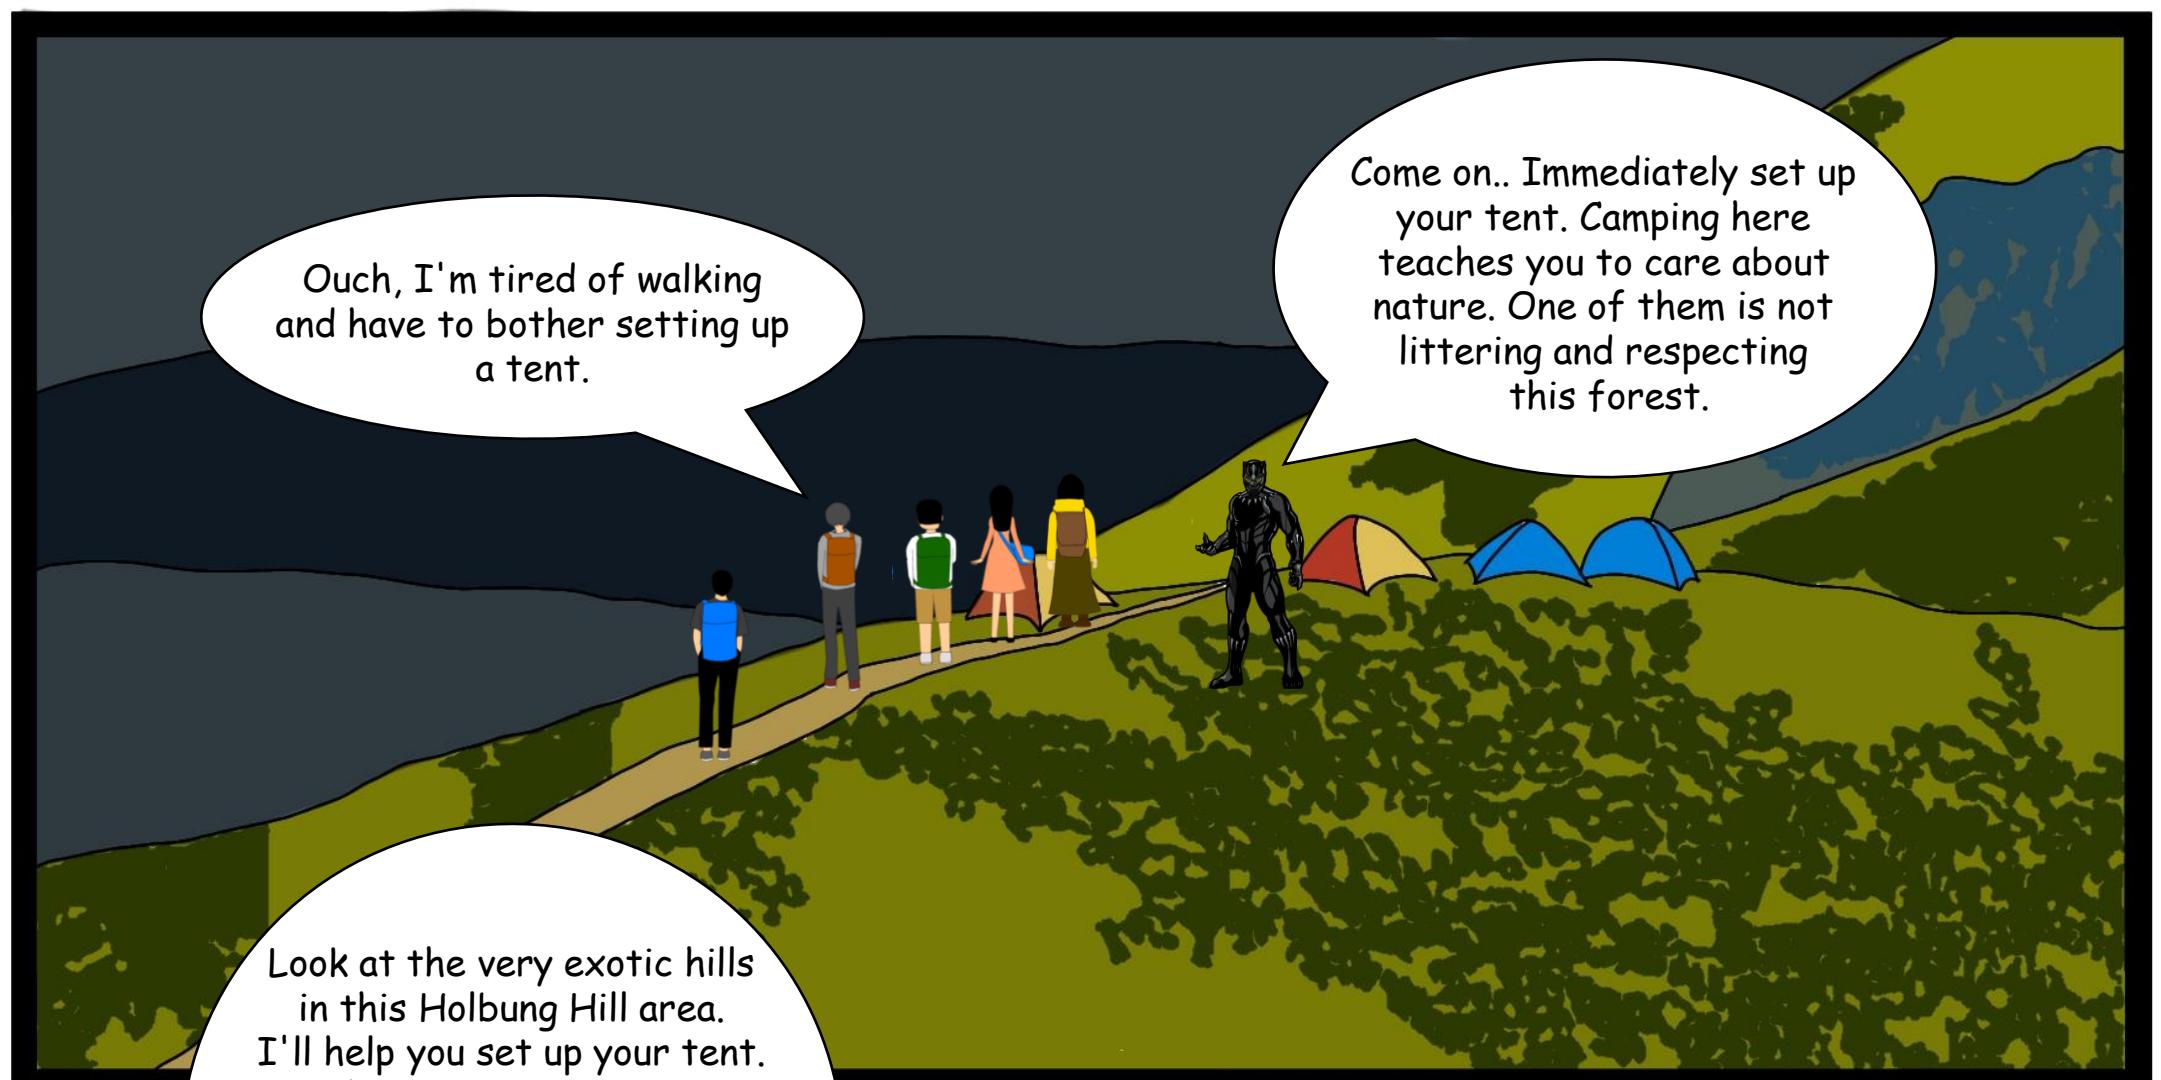

Wait a moment.
I want to rest
first. You guys
just set up
the tent.

WARUNG

WARUNG SNACK

Ouch, I'm tired of walking and have to bother setting up a tent.

Come on.. Immediately set up your tent. Camping here teaches you to care about nature. One of them is not littering and respecting this forest.

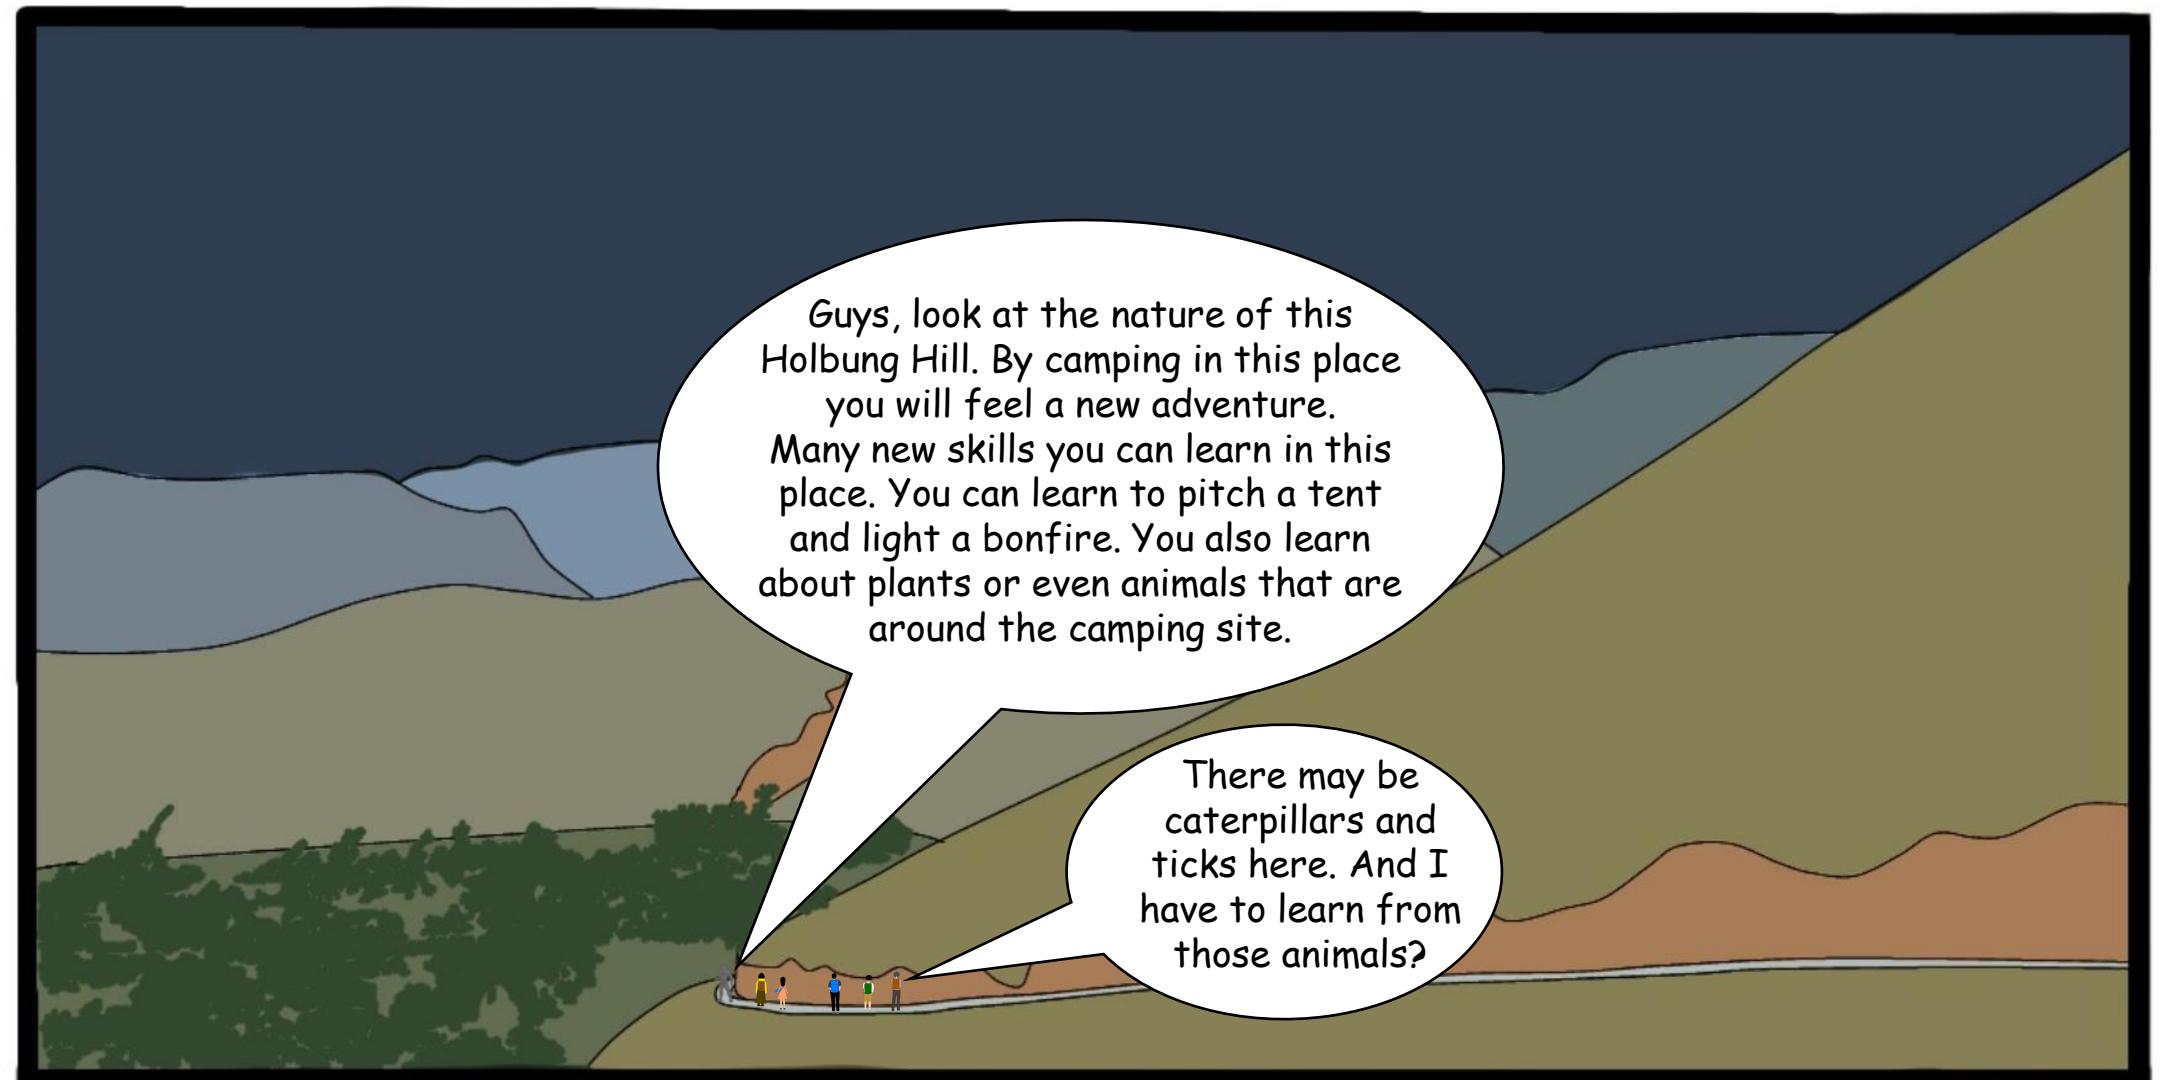

Look at the very exotic hills in this Holbung Hill area. I'll help you set up your tent. Don't worry because tired. I'm super strong. You all will be happy that I can support you. Your fun and excitement while camping in this place will create beautiful and unforgettable memories.

It turns out that the Black Panther is human too..

Yes, but he's not necessarily human.

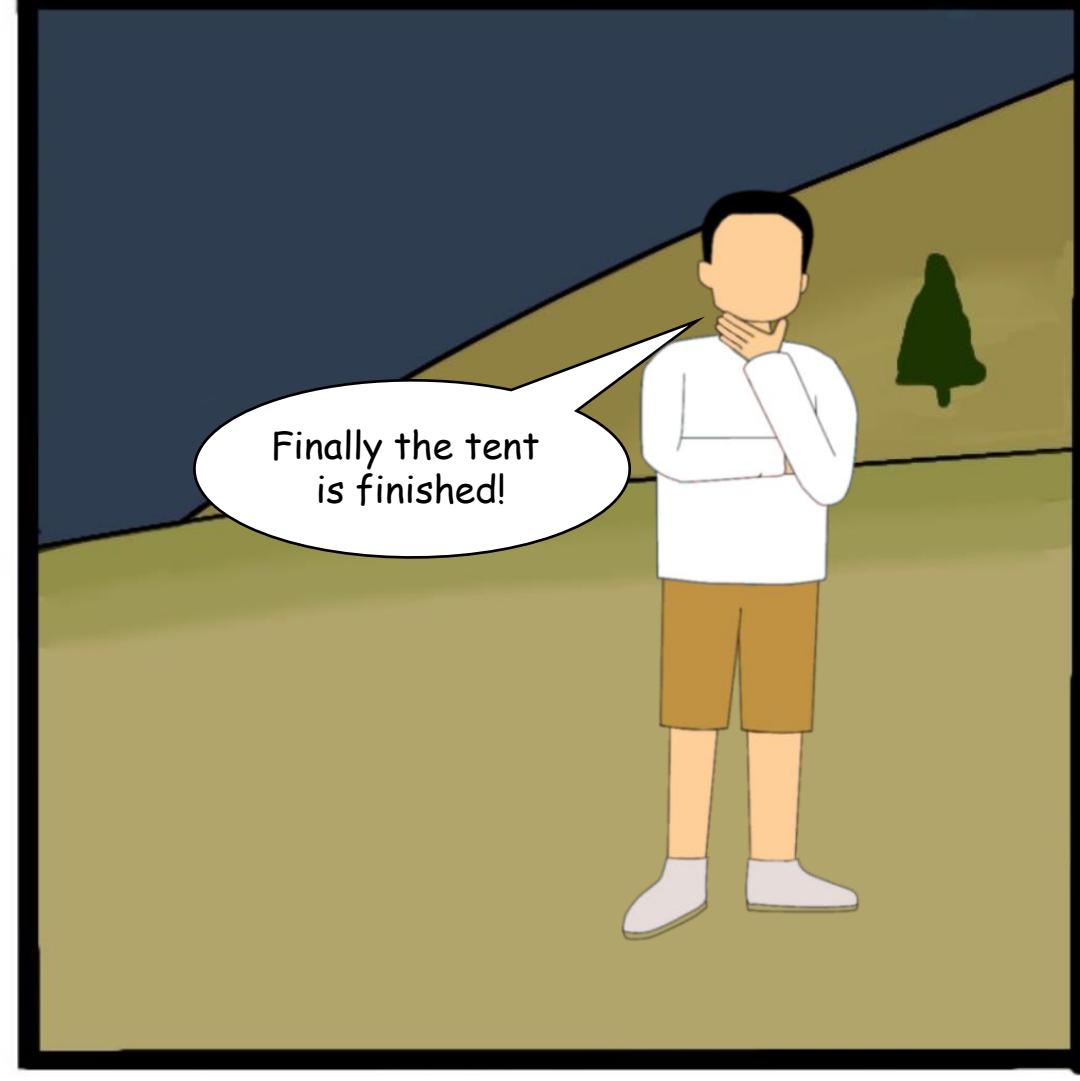

The shape of our tent seems a bit different, huh?

Hopefully we don't have a fight with the Black Panther who has a lot of stories.

Guys, look at the nature of this Holbung Hill. By camping in this place you will feel a new adventure. Many new skills you can learn in this place. You can learn to pitch a tent and light a bonfire. You also learn about plants or even animals that are around the camping site.

There may be caterpillars and ticks here. And I have to learn from those animals?

Finally the tent is finished!

I've made a fireplace. Come on while warming up, and playing games, then we sleep!

Guys, I'm going to sleep first, okay? Because we've been traveling all day.

Ugh, Rehan came here to sleep. Even though the outdoors here offers fresh air that you may rarely find at home.

They fell asleep.
But Rudi had a strange dream.

When the sun rises.

Wow, it turns out that Bea Bea can be seen from here! We have to go there too!

Good morning, world!

That's right! We pass Si Bea-Bea first if we depart from Pangururan City. When we get home we can stop by!

This is the first time I opened my eyes from sleep, presented with a view like this!

I'm sorry for my bad. I really regret it.

Guys, last night I had a dream. I was kidnapped by something. I don't know what. But I'm like in another world. very scary.

I think it's because you spoke impolitely last night. I already said that we have to maintain our attitude while here.

Let's grill the fish.
I'm starving.

They also eat while enjoying the view.

The advantages of a camping vacation start with an adventure. A family and group of young people can go wherever they want and camp at Holbung Hill for as long as they have. From the camping base a group of young people and a family can go for a walk in the wild and see nature in its natural habitat. From Holbung Hills, they can also go to the large Toba Lake for fishing or swimming. If they find an adventure park, they can spend time around the trees in a pleasant situation.

People need to realize that camping can be a lot of fun as long as everyone is involved in enjoying themselves because once someone isn't having fun, the trip is ruined. Building a big bonfire and staying up late is something everyone wants to do.
